

## WAR DEPARTMENT ACTION DENOUNCED IN BERGDOLL CASE

BY HOUSE COMMITTEE INVESTIGATING ESCAPE OF THE NOTORIOUS SLACKER

(By United Press)

Washington, Aug. 18.—Punitive action against several persons involved in the case of Grover Cleveland Bergdoll, millionaire Philadelphia draft dodger, was recommended to the house today by a majority of the special committee instructed to investigate the case.

In a report signed by three of the five members of the committee, the war department handling of the Bergdoll case prior to his escape in May, 1920, was scathingly denounced.

The findings of the majority as summarized are:

Samuel T. Ansell, former acting judge advocate general, and who as an attorney obtained the war department's permission for the release of Bergdoll from prison so he might dig up an alleged pot of gold, should be debarred from practicing law before any department, any court martial and in any court of the nation.

Major Kruse Campbell, military counsel for the slacker, who Mrs. Bergdoll charged asked for \$100,000 from her and obtained \$5,000 "to fix higher ups" so that her son might be released, was exonerated completely.

The alien property custodian officer commended for seizure of Bergdolls property, is urged to take steps to force Mrs. Bergdoll to produce the \$100,000 in gold which she says she buried.

Colonel John T. Hunt, whom the report alleges allowed Bergdoll to leave prison without proper guard, should be discharged from the retired list of the army.

Ansell today made a bitter attack on congressmen who made the report containing the charge against him.

## Plague of Crime Produced 21 Deaths in Murder Block

(By United Press)

Centerville, Ia., Aug. 18.—Iowa's "murder block," in the Italian residence district in this little town of seven thousand, has seen twenty-one tragic deaths in the last fifteen years.

Beautiful young Italian girls have been the "lovelies" that caused eight of the murders in the lethal area, and eight young suitors lie in a nearby graveyard.

The mood of killing has hung heavy over the spot. Most of the murders have been erstwhile friends of the victims, turned traitor to friendship by greed, passion, jealousy and the greeneyed god of envy.

Camilla Russo, pretty school girl who broke into newspaper headlines a year ago, slew her man in the fatal district. She lives on a corner nearby.

The last crime was three months ago when a Mexican laborer, refused credit by an Italian cream peddler, shot and killed the peddler as he was driving across the street intersection.

Three of the deaths resulted from shooting duels following arguments over "honor." One man was found dead in the street, pockets ransacked and a pick run through his back, several years ago. Two Italians, pals for years, met with thirty-eight calibre automatics one sultry afternoon and shot it out. Both were killed.

One Italian, unidentified, was found lying across the crossing with his throat cut. There were whys of a vendetta. Four of the slayings resulted from drunken debauches, when knives and revolvers were too easily available.

The "hoodoo block" is avoided by Centerville citizens. Delivery boys will travel four or five blocks to avoid the spot.

A local photographer refused to take a picture of the street. "I don't think it would be advisable," he said.

## Soldiers Bodies Are Enroute From France

St. Paul, Aug. 18.—Various patriotic organizations will report at the Union depot tomorrow to place wreaths on the caskets of 42 soldier dead, men killed in France during the world war. The bodies are enroute to various points in the northwest for burial.

MA SOO

Mr. Ma Soo, personal representative of Dr. Sun Yat Sen, president of the Southern Chinese republic who is now in Washington, having brought an appeal to President Harding from President Sun for recognition of his government.

## EXPLORER LOST IN YELLOWSTONE PARK

MESSAGE FROM LOST EXPLORER BROUGHT TO NEW YORK BY CARRIER PIGEON

(By United Press)

New York, Aug. 18.—"Notify Dan Singer of Belle Claire hotel, New York City, I am lost in Hoodoo mountains, Yellowstone. Send help, provisions, pack horses.—Heller."

This message brought to New York by a carrier pigeon, a two thousand mile flight, from the desolation of the Hoodoo range to the bright lights of Broadway, was responsible for the start of a relief expedition to find Dr. Edmund Heller, celebrated explorer and friend of the late Theodore Roosevelt.

The bird, which, according to the date on the message, started from Heller's camp in the Yellowstone wilderness last Saturday, tumbled exhausted to the pavement last night at Columbus Circle.

Singer wired Ned Frost, a guide at Wapengo, near Cody, Wyoming, as follows:

"Edmund Heller lost southeast of Yellowstone park in Big Hoodoo mountains. Start at once. Spare no expense. Take food and provisions to find Heller."

## Warrants For Defaulter Issued; Also for Woman For Mann Act Violation

(By United Press)

Denver, Aug. 18.—With warrants for the arrest of Edwin F. Morse, former paying teller of the International Trust Company, who disappeared immediately after an alleged shortage of \$78,000 of the bank's funds was discovered, were issued today.

At the same time a warrant charging Miss Mabel Penfold with violation of the Mann act was issued. Miss Penfold is believed by police to have left with Morse who has a wife in Denver. Denver police today received word that two persons answering the description of Morse and Miss Penfold were being held in Juarez, Mexico.

## Co-ordinate Efforts To Solve Kennedy Murder

(By United Press)

Los Angeles, Aug. 18.—The district attorney's office today made an effort to co-ordinate its efforts to solve the Kennedy "midnight murder mystery" with those of Ralph R. Obenchain, counsel for the two defendants in the case.

"If Obenchain and his investigators will join us we will pool our interests in the common effort to develop the true facts of what happened at Beverly Glenn when young Kennedy was killed," declared Malcolm McLaren.

McLaren is chief investigator for District Attorney Thomas Woolwine. Obenchain was in the field with his operatives and his decision on the offer could not be solved by the prosecutor.

## E. J. LYNCH, FORMER REVENUE COLLECTOR OF MINNESOTA, DEAD

Cleveland, Aug. 18.—Authorities at Gates Mill, a suburb, 20 miles east of here, are investigating the circumstances of the death of E. J. Lynch, former collector of internal revenue at St. Paul, Minn., whose body was found in the bottom of a rowboat in the Chagrin river yesterday. There was a bullet wound in the abdomen but there was no gun in the boat. The body was discovered by James Mullen, a laborer.

Lynch was visiting at the home of his son-in-law, E. L. Shaner, in Gates Mill.

Shaner told the authorities that his father-in-law left his home at 4 o'clock Thursday afternoon and that he seemed to be in good spirits.

Coroner A. P. Hammond, who went to Gates Mill, said he had information that Lynch bought tickets for St. Paul Tuesday afternoon.

After an inquiry held with Mr. Shaner, Coroner Hammond gave it as his opinion that Lynch committed suicide. The motive for his doing so, it was said, was recent loss of political prestige in Minnesota, where he had been active in political circles for many years.

Lynch and his wife had been visiting the Shaner home since the middle of June.

Search will be made in the Chagrin river for the weapon with which Lynch is believed to have shot himself. He was 65 years old.

## Searching For Weapon.

Cleveland, Ohio, Aug. 18.—Divers were at work today on the Chagrin river in an effort to find the gun with which Edward J. Lynch, Minnesota democratic leader, was shot through the heart as he sat in the canoe. The body was found floating down the stream late yesterday afternoon. Search near the scene failed to disclose a revolver. Lynch's daughter, Mrs. C. L. Shaner, with whom he was staying, said her father never had owned a gun and there was none in the house.

Against this is the fact that a canvas holder for a thirty-two caliber revolver, the size of the bullet that ended Lynch's life, was found in the bottom of the canoe. The victim's coat was burned with the gun flash.

In Lynch's pocket was found clippings from Minnesota newspapers telling of the end of the "Lynch rule" in Minnesota.

## King Alexander Has Appendicitis

(By United Press)

Washington, Aug. 18.—King Alexander, of Serbia, is suffering from an attack of appendicitis, according to a cable received at the Serbian legation today. Because of the king's illness his physicians have ordered him not to attend the funeral of his father, former King Peter of Serbia.

## Dope Peddler Is Seized in Minneapolis With \$50.00 in Drugs

(By United Press)

Minneapolis, Aug. 18.—After having escaped federal agents in many cities with a high powered motor car, John Beall was arrested here today and drugs valued at \$50,000 were seized.

Beall brought the "dope" in an automobile from Mexico narcotic agents declare. Word had been sent to various cities that Beall was enroute but they failed to capture him. His car was said to have been fitted with a special engine and capable of going one hundred miles an hour.

## Porch Collapses, Eight Girls Hurt

(By United Press)

Ripon, Wis., Aug. 18.—Eight girls between the ages of 10 and 15, were seriously hurt and one fatally injured it is believed, when a porch collapsed and they were hurled to the ground here today. The porch led from the apartment of E. E. Smith of the Ripon steam laundry building. Helen Davison, 12, was taken to a Fond Du Lac hospital and her death is expected.

## Notorious Bandit Is Killed by Policeman

Minneapolis, Aug. 18.—Henry Hankins, identified as a notorious bandit and an escaped convict from the Iowa state penitentiary, was killed by a policeman's bullet here late Wednesday. Hankins had been arrested on suspicion. He leaped from the police car and started shooting on a busy downtown corner. Traffic Police Averback shot and killed him. One pedestrian was wounded in the gun battle. He was later identified as a jewelry store robber and the man who took diamond ear-rings valued at \$2,000 from Mrs. Grace Raymond. Also one of two men who robbed eighteen passengers on an inter-city bus Saturday night.

Despite wide publicity given the shooting of Hankins, it remained for police to notify his widow today.

When found at her home Mrs. Hankins calmly asked Des Moines officials whom she had known for several years, what they wanted.

They explained that they intended to hold her and suggested she accompany them back to Des Moines. She refused, saying she was going to remain in Minneapolis with her husband. When told of his death she became hysterical. She is held at a Minneapolis jail.

## FOODS IN COLD STORAGE DROP 8 MILLION POUNDS

St. Paul, Aug. 18.—With talk of starvation in Russia Minnesotans were a worried look today when the state department of agriculture announced a food shortage in the Gopher state.

The inspector of cold storage warehouses reported that the amount of food in storage now is 8,000,000 pounds less than at this time a year ago.

A year ago storehouses held 34,000,000 pounds of food stuffs. This has fallen to 26,000,000 pounds. There were 30,000,000 pounds in storage on July 1 and this dropped to the present level in thirty days. Storage houses show a shortage of fresh beef and pork. There was an increase in the amount of butter storage.

## WAS CARPENTIER INTERNALLY INJURED BY DEMPSEY

HAS BEEN HAVING HEART TROUBLE SINCE BOUT—WILL HAVE EXAMINATION

Paris, Aug. 18.—Internal injuries which resulted from the body blows of Jack Dempsey any cause Georges Carpentier to retire without another battle.

Carpentier admitted that he is going to undergo a general physical examination to determine the exact nature of the injury to his thumb and to ascertain the condition of his heart and internal organs.

While Carpentier did not admit it, it was learned from his friends that he has been having trouble with his heart since he was defeated by Dempsey. Asked about the conflicting reports that he would not return to the United States to meet Tommy Gibbons, the American light heavy weight, the Frenchman said he would not be able to announce his future plans until after the examination in two weeks.

## Farm Bureau Opposes National Sales Levy

Claims that the excess profits tax must be repealed because it is strangling business, are not backed up by facts, H. C. McKenzie, tax expert of the American Farm Bureau Federation, says in a statement about to be presented to the farm bureau in this county and the other county bureaus of the state. During the last three years, the statement says, \$30,000,000,000 has been invested in new corporations, while corporation net earnings increased from \$3,000,000,000 in 1909 to \$8,000,000,000 in 1919. The farm bureau contends that these figures prove that the excess profits tax have not strangled business.

## First Work Begun On Great New Stadium At University of Kansas

(By United Press)

Lawrence, Kan., Aug. 18.—A two-block-long, horseshoe-shaped, concrete stadium settled in the center of the valley of the horseshoe ridge of hills that make up the campus of the University of Kansas here, will serve as a community center as well as athletic field to the entire state of Kansas.

Work on the huge structure, the largest in the Missouri Valley, which will be dedicated to the memory of the 126 Kansas University men and women who died in the World War, was begun this week.

Fifteen thousand seats will be finished in time for the big football games this fall, although the structure when complete will seat 32,000 and cost more than \$500,000.

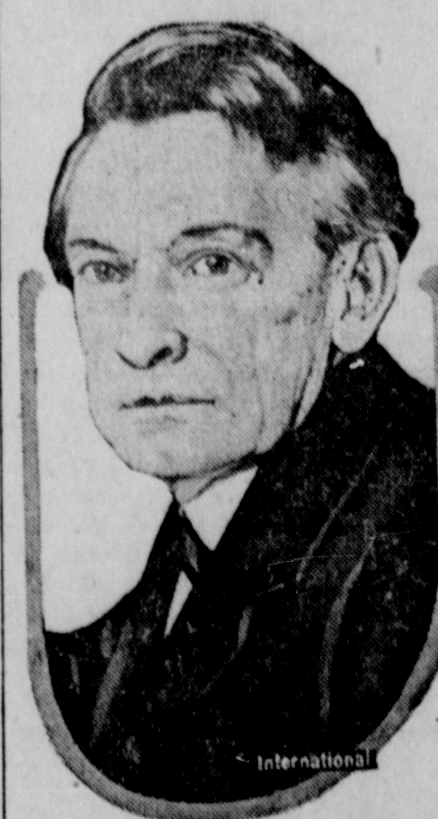

The location of the stadium is ideal for pageants of statewide interest, according to state authorities. It is within the city limits of Lawrence and directly on the Golden Belt, Midland Trail, and the hard-surfaced fort-to-fort highway. The facts that there is an automobile for every six persons in Kansas and that the stadium is a soldier memorial are expected to make the big stadium a mecca for conventions and outdoor meetings from all over the middle west.

A football gridiron, a baseball diamond, a quarter-mile, running track with a 220-yard straightaway, and tennis courts are the principal features of the arena, which will be below the surface of the ground, and in plain view of all seats.

## 1,400 Laborers Found For Farms in 2 Months

County farm bureaus have helped farmers to obtain more than 1,400 farm hands in the last two months. The importance of the county farm bureau as a labor clearing house has been demonstrated this summer, F. L. French, secretary of the Minnesota Federation, says, by the large number of workers placed through the county offices. Reports of the county agents for June show that in 45 counties, 705 men were put to work on farms through the county bureau. It is estimated that more than 700 were given places in July.

A new photograph of United States Senator Thomas E. Watson who has often been referred to as the "Strong Man of Georgia."

## GERMANS WILL SIGN AMERICAN TREATY

ALTHOUGH THEY RESENT AMERICAN DEMANDS FOR REPARATIONS AND OTHER TERMS

(By United Press)

Berlin, Aug. 18.—Reparation for American lives lost in the great war, is one of the demands of the United States in drafting a treaty of peace with Germany, it was reported here today.

The demand and others stirred the resentment of German leaders, but they were preparing eventually to accede to all of them, and sign the treaty as early as possible.

Germany, however, takes the position, according to authoritative statements, that she can not assume any more obligations than are contained in the Versailles treaty.

Neither group of negotiators had said whether the United States is asking reparations for lives lost in the sinking of the Lusitania.

The Germans, however, let it be known that if such payment is demanded, the United States must ask it of the allied nations who will be expected to pay it from the German indemnity to them.

Deep disappointment has resulted in Berlin because of the negotiations but the Germans admit that the understanding will be reached shortly—and according to the American terms.

## British Navy Must Be Second to None

London, Aug. 18.—The British empire must have a naval force equal to that of any other country Lloyd George said in the commons this afternoon. The British premier made his long expected statement regarding the decision of the imperial conference. It was agreed that the British navy must be "second to none" Lloyd George said. The premier's remarks were greeted with loud cheers.

## 15 Year Old Girl Conducted a Matrimonial Agency

(By United Press)

Superior, Wis., Aug. 18.—A fake matrimonial agency conducted by a 15 year old girl and with sufficient success to obtain sums of money from many prospective benedicts, was uncovered by Postal Inspector J. A. Niles, serving on the trail of Stella Wycra and her father Nick Wycra in federal court here.

Stella and her father were under indictment for taking an express receipt from a mail box and obtaining eight jars of fruit consigned to another.

Postal officials, in investigating this charge, discovered that Stella in 1919, then 15 years old conducted a matrimonial agency. She obtained a large list of prospects from a regular matrimonial agency and conducted a correspondence. The romance ended in every case when the prospect admitted money.

## ENGLAND STILL HOPES FOR PEACE WITH IRELAND

NOTWITHSTANDING THE UNCOMPROMISING ATTITUDE OF THE SINN FEIN LEADERS.

(By United Press.)

London, Aug. 18.—England still clings today to the hope that the Dail Eireann would not take the responsibility for once more plunging Ireland into war.

Two proposals were expected from the Sinn Fein parliament. It was believed the Dail Eireann will either—Reject the British offer and put forward counter proposals leading to renewal of conferences here; or refer the question to a plebiscite of the people.

The reasons for England's hope today were:

First, despite the uncompromising statement the Sinn Fein official bulletin last night said: "The way is still open for an honorable understanding."

Second, the belief that a plebiscite will result in acceptance of the British offer.

Third, the Sinn Fein acknowledgment that renewal of war will mean the obliteration of the Sinn Fein.

## Irish Troops Guard Dail Eireann.

Dublin, Aug. 18.—Armed troops of the Irish republican army were called out to guard the mansion house this afternoon while the Dail Eireann went into secret session.

Huge crowds, among whom it was feared might be British "spotters," surrounded the building where the secret deliberations which were to determine the fate of Ireland were in progress.

Sinn Fein troops guarded lanes down which the delegates walked to enter the mansion house.

## British Peace Proposals Are Considered by Dail Eireann.

Dublin, Aug. 18.—While Ireland and England rushed preparations for renewed war, the Dail Eireann went into secret session today to frame its acceptance or rejection of Lloyd George's peace offer.

It seemed a foregone conclusion the offer would be spurned. As the Sinn Fein parliament met behind closed doors in the mansion house, sentries of the Irish republican army paced up and down the corridors.

Only a few blocks away there were scenes of activities around the black and tan barracks. Hundreds of khaki clad British soldiers were arriving on every train pulling into the railroad station. The present closed session which will determine the issue may last until next week, members of the Dail Eireann said. De Valera's fiery speech might not be the final word in connection with the British offer, but it gave a signal for nervous preparations for more fighting.

## Sees Higher Prices For Farm Products and More Money For Farmers

(By United Press.)

Harold Jacobs, N. Y., Aug. 18.—American farmers generally will experience the best season financially in several years and will pass their increased prosperity on in some measure to the rest of the country.

This is being brought about, paradoxically, by a crop shortage, by the law of supply and demand, and means higher prices for farm produce and income which will afford a greater buying power for this half of the nation's population, from which situation other industries are bound to benefit.

"I am an optimist concerning the immediate future of the agricultural industry and the report of this year's crop will pull the farmers out of the most serious situation in which they have ever found themselves," Gray Silver, Washington representative of the American farm bureau federation telegraphed the United Press today.

"Wheat, corn, oats, barley, rye, potatoes, tobacco, sugar beets and some fruit will have a much less yield than last year. This should mean but one thing if the domestic and foreign purchase power is anything like normal—higher prices for farm produce, more money in the farmer's hands, debts paid and higher standard of living."

## WAR DEPARTMENT ACTION DENOUNCED IN BERGDOLL CASE

BY HOUSE COMMITTEE INVESTIGATING ESCAPE OF THE NOTORIOUS SLACKER

(By United Press)  
Washington, Aug. 18.—Punitive action against several persons involved in the case of Grover Cleveland Bergdoll, millionaire Philadelphia draft dodger, was recommended to the house today by a majority of the special committee instructed to investigate the case.

In a report signed by three of the five members of the committee, the war department handling of the Bergdoll case prior to his escape in May, 1920, was scathingly denounced.

The findings of the majority as summarized are:

Samuel T. Ansell, former acting judge advocate general, and who as an attorney obtained the war department's permission for the release of Bergdoll from prison so he might dig up an alleged pot of gold, should be debarred from practicing law before any department, any court martial and in any court of the nation.

Major Kruse Campbell, military counsel for the slacker, who Mrs. Bergdoll charged asked for \$100,000 from her and obtained \$5,000 "to fix higher ups" so that her son might be released, was exonerated completely.

The alien property custodian officer commended for seizure of Bergdolls property, is urged to take steps to force Mrs. Bergdoll to produce the \$100,000 in gold which she says she buried.

Colonel John T. Hunt, whom the report alleges allowed Bergdoll to leave prison without proper guard, should be discharged from the retired list of the army.

Ansell today made a bitter attack on congressmen who made the report containing the charge against him.

## Plague of Crime Produced 21 Deaths in Murder Block

(By United Press)  
Centerville, Ia., Aug. 18.—Iowa's "murder block", in the Italian residence district in this little town of seven thousand, has seen twenty-one tragic deaths in the last fifteen years.

Beautiful young Italian girls have been the "lovelies" that caused eight of the murders in the lethal area, and eight young suitors lie in a nearby graveyard.

The mood of killing has hung heavy over the spot. Most of the murders have been erstwhile friends of the victims, turned traitor to friendship by greed, passion, jealousy and the greeneyed god of envy.

Camilla Russo, pretty school girl who broke into newspaper headlines a year ago, slew her man in the fatal district. She lives on a corner nearby.

The last crime was three months ago when a Mexican laborer, refused credit by an Italian cream peddler, shot and killed the peddler as he was driving across the street intersection.

Three of the deaths resulted from shooting duels following arguments over "honor". One man was found dead in the street, pockets ransacked and a pick run through his back, several years ago. One Italian, unidentified, was found lying across the crossing with his throat cut. There were whispers of a vendetta. Four of the slayings resulted from drunken debauches, when knives and revolvers were too easily available.

The "hoodoo black" is avoided by Centerville citizens. Delivery boys will travel four or five blocks to avoid the spot.

A local photographer refused to take a picture of the street. "I don't think it would be advisable," he said.

## Soldiers Bodies Are Enroute From France

St. Paul, Aug. 18.—Various patriotic organizations will report at the Union depot tomorrow to place wreaths on the caskets of 42 soldier dead, men killed in France during the world war. The bodies are enroute to various points in the northwest for burial.

Mr. Ma Soo, personal representative of Dr. Sun Yat Sen, president of the Southern Chinese republic who is now in Washington, having brought an appeal to President Harding for recognition of his government.

## EXPLORER LOST IN YELLOWSTONE PARK

MESSAGE FROM LOST EXPLORER BROUGHT TO NEW YORK BY CARRIER PIGEON

(By United Press)  
New York, Aug. 18.—"Notify\* Dan Singer of Belle Claire hotel, New York City, I am lost in Hoodoo mountains, Yellowstone. Send help, provisions, pack horses.—Heller."

This message brought to New York by a carrier pigeon, a two thousand mile flight, from the desolation of the Hoodoo range to the bright lights of Broadway, was responsible for the start of a relief expedition to find Dr. Edmund Heller, celebrated explorer and friend of the late Theodore Roosevelt.

The bird, which, according to the date on the message, started from Heller's camp in the Yellowstone wilderness last Saturday, tumbled exhausted to the pavement last night at Columbus Circle.

Singer wired Ned Frost, a guide at Wapeton, near Cody, Wyoming, as follows:

"Edmund Heller lost southeast of Yellowstone park in Big Hoodoo mountains. Start at once. Spare no expense. Take food and provisions to find Heller."

## Warrants For Defaulter Issued; Also for Woman For Mann Act Violation

(By United Press)  
Denver, Aug. 18.—With warrants for the arrest of Edwin F. Morse, former paying teller of the International Trust Company, who disappeared immediately after an alleged shortage of \$78,000 of the bank's funds was discovered, were issued today.

At the same time, warrant charging Miss Mabel Penfold with violation of the Mann act was issued. Miss Penfold is believed by police to have left with Morse who has a wife in Denver. Denver police today received word that two persons answering the description of Morse and Miss Penfold were being held in Juarez, Mexico.

## Co-ordinate Efforts To Solve Kennedy Murder

(By United Press)  
Los Angeles, Aug. 18.—The district attorney's office today made an effort to co-ordinate its efforts to solve the Kennedy "midnight murder mystery" with those of Ralph R. Obenchain, counsel for the two defendants in the case.

"If Obenchain and his investigators will join us we will pool our interests in the common effort to develop true facts of what happened at Beverly Glenn when young Kennedy was killed," declared Malcom McLaren. McLaren is chief investigator for District Attorney Thomas Woolwine. Obenchain was in the field with his operatives and his decision on the offer could not be solved by the prosecutor.

## E. J. LYNCH, FORMER REVENUE COLLECTOR OF MINNESOTA, DEAD

Cleveland, Aug. 18.—Authorities at Gates Mill, a suburb, 30 miles east of here, are investigating the circumstances of the death of E. J. Lynch, former collector of internal revenue at St. Paul, Minn., whose body was found in the bottom of a rowboat in the Chagrin river yesterday. There was a bullet wound in the abdomen but there was no gun in the boat. The body was discovered by James Mullen, a laborer.

Lynch was visiting at the home of his son-in-law, E. L. Shaner, in Gates Mill.

Shaner told the authorities that his father-in-law left his home at 4 o'clock Thursday afternoon and that he seemed to be in good spirits.

Coroner A. P. Hammond, who went to Gates Mill, said he had information that Lynch bought tickets for St. Paul Tuesday afternoon.

After an inquiry held with Mr. Shaner, Coroner Hammond gave it as his opinion that Lynch committed suicide. The motive for his doing so, it was said, was recent loss of political prestige in Minnesota, where he had been active in political circles for many years.

Lynch and his wife had been visiting the Shaner home since the middle of June.

Search will be made in the Chagrin river for the weapon with which Lynch is believed to have shot himself. He was 65 years old.

## Searching For Weapon.

Cleveland, Ohio, Aug. 18.—Divers were at work today on the Chagrin river in an effort to find the gun with which Edward J. Beall brought the "dope" in an automobile from Mexico narcotic agents declare. Word had been sent to various cities that Beall was enroute but they failed to capture him. His car was said to have been fitted with a special engine and capable of going one hundred miles an hour.

## Porch Collapses, Eight Girls Hurt

(By United Press)  
Ripon, Wis., Aug. 18.—Eight girls between the ages of 10 and 15, were seriously hurt and one fatally injured it is believed, when a porch collapsed and they were hurled to the ground here today. The porch led from the apartment of E. E. Smith of the Ripon steam laundry building. Helen Davidson, 12, was taken to a Fond Du Lac hospital and her death is expected.

## Notorious Bandit Is Killed by Policeman

Minneapolis, Aug. 18.—Henry Hankins, identified as a notorious bandit and an escaped convict from the Iowa state penitentiary, was killed by a policeman's bullet here late Wednesday. Hankins had been arrested on suspicion. He leaped from the police car and started shooting on a busy downtown corner. Traffic Police Averick shot and killed him. One pedestrian was wounded in the gun battle. He was later identified as a jewelry store robber and the man who took diamond ear-rings valued at \$2,000 from Mrs. Grace Raymond. Also one of two men who robbed eighteen passengers on an inter-city bus Saturday night.

Despite wide publicity given the shooting of Hankins, it remained for police to notify his widow today.

When found at her home Mrs. Hankins calmly asked Des Moines officials whom she had known for several years, what they wanted.

They explained that they intended to hold her and suggested she accompany them back to Des Moines. She refused, saying she was going to remain in Minneapolis with her husband. When told of his death she became hysterical. She is held at a Minneapolis jail.

## FOODS IN COLD STORAGE DROP 8 MILLION POUNDS

St. Paul, Aug. 18.—With talk of starvation in Russia Minnesotans were a worried look today when the state department of agriculture announced a food shortage in the Gopher state.

The inspector of cold storage warehouses reported that the amount of food in storage now is 8,000,000 pounds less than at this time a year ago.

A year ago storehouses held 34,000,000 pounds of food stuffs. This has fallen to 26,000,000 pounds. There were 30,000,000 pounds in storage on July 1 and this dropped to the present level in thirty days. Storage houses show a shortage of fresh beef and pork. There was an increase in the amount of butter storage.

## WAS CARPENTIER INTERNALLY INJURED BY DEMPSEY

HAS BEEN HAVING HEART TROUBLE SINCE BOUT—WILL HAVE EXAMINATION

Paris, Aug. 18.—Internal injuries which resulted from the body blows of Jack Dempsey any cause Georges Carpentier to retire without another battle.

Carpentier admitted that he is going to undergo a general physical examination to determine the exact nature of the injury to his thumb and to ascertain the condition of his heart and internal organs.

While Carpentier did not admit it, it was learned from his friends that he has been having trouble with his heart since he was defeated by Dempsey. Asked about the conflicting reports that he would not return to the United States to meet Tommy Gibbons, the American light heavy weight, the Frenchman said he would not be able to announce his future plans until after the examination in two weeks.

## Farm Bureau Opposes National Sales Levy

Claims that the excess profits tax must be repealed because it is strangling business, are not backed up by facts, H. C. McKenzie, tax expert of the American Farm Bureau Federation, says in a statement about to be presented to the farm bureau in this county and the other county bureaus of the state. During the last three years, the statement says, \$30,000,000,000 has been invested in new corporations, while corporation net earnings increased from \$3,000,000,000 in 1909 to \$8,000,000,000 in 1919. The farm bureau contends that these figures prove that the excess profits tax have not strangled business.

## First Work Begun On Great New Stadium At University of Kansas

(By United Press)  
Lawrence, Kan., Aug. 18.—A two-block-long horseshoe-shaped concrete stadium settled in the center of the valley of the horseshoe ridge of hills that make up the campus of the University of Kansas here, will serve as a community center as well as athletic field to the entire state of Kansas.

Work on the huge structure, the largest in the Missouri Valley, which will be dedicated to the memory of the 126 Kansas University men and women who died in the World War, was begun this week.

Fifteen thousand seats will be finished in time for the big football games this fall, although the structure when complete will seat 32,000 and cost more than \$500,000. The location of the stadium is ideal for pageants of statewide interest, according to state authorities. It is within the city limits of Lawrence and directly on the Golden Belt, Midland Trail, and the hard-surfaced fort-to-fort highway. The facts that there is an automobile for every six persons in Kansas and that the stadium is a soldier memorial are expected to make the big stadium a mecca for conventions and outdoor meetings from all over the middle west.

A football gridiron, a baseball diamond, a quarter-mile, running track with a 220-yard straightaway, and tennis courts are the principal features of the arena, which will be below the surface of the ground, and in plain view of all seats.

## 1,400 Laborers Found For Farms in 2 Months

County farm bureaus have helped farmers to obtain more than 1,400 farm hands in the last two months. The importance of the county farm bureau as a labor clearing house has been demonstrated this summer. F. L. French, secretary of the Minnesota Federation, says, by the large number of workers placed through the county offices. Reports of the county agents for June show that in 45 counties, 705 men were put to work on farms through the county bureau. It is estimated that more than 700 were given places in July.

A new photograph of United States Senator Thomas E. Watson who has often been referred to as the "Strong Man of Georgia."

## GERMANS WILL SIGN AMERICAN TREATY

ALTHOUGH THEY RESENT AMERICAN DEMANDS FOR REPARATIONS AND OTHER TERMS

(By United Press)  
Berlin, Aug. 18.—Reparation for American lives lost in the great war, is one of the demands of the United States in drafting a treaty of peace with Germany, it was reported here today.

The demand and others stirred the resentment of German leaders, but they were preparing eventually to accede to all of them, and sign the treaty as early as possible.

Germany, however, takes the position, according to authoritative statements, that she can not assume any more obligations than are contained in the Versailles treaty.

Neither group of negotiators had said whether the United States is asking reparations for lives lost in the sinking of the Lusitania.

The Germans, however, let it be known that if such payment is demanded, the United States must ask it of the allied nations who will be expected to pay it from the German indemnity to them.

Deep disappointment has resulted in Berlin because of the negotiations but the Germans admit that the understanding will be reached shortly, and according to the American terms.

## British Navy Must Be Second to None

London, Aug. 18.—The British empire must have a naval force equal to that of any other country Lloyd George said in the commons this afternoon. The British premier made his long expected statement regarding the decision of the imperial conference. It was agreed that the British navy must be "second to none" Lloyd George said. The premier's remarks were greeted with loud cheers.

## 15 Year Old Girl Conducted a Matrimonial Agency

(By United Press)  
Superior, Wis., Aug. 18.—A fake matrimonial agency conducted by a 15 year old girl and with sufficient success to obtain sums of money from many prospective beneficiaries, was uncovered by Postal Inspector J. A. Niles, serving on the trail of Stella Wycra and her father Nick Wycra in federal court here.

Stella and her father were under indictment for taking an express receipt from a mail box and obtaining eight jars of fruit consigned to another.

Postal officials, in investigating this charge, discovered that Stella in 1919, then 15 years old conducted a matrimonial agency and conducted a correspondence. The romance ended in every case when the prospect (re-mitted money).

## ENGLAND STILL HOPES FOR PEACE WITH IRELAND

NOTWITHSTANDING THE UNCOM-PROMISING ATTITUDE OF THE SINN FEIN LEADERS.

(By United Press.)

London, Aug. 18.—England still clings today to the hope that the Dail Eireann would not take the responsibility for once more plunging Ireland into war.

Two proposals were expected from the Sinn Fein parliament. It was believed the Dail Eireann will either—

Reject the British offer and put forward counter proposals leading to renewal of conferences here; or refer the question to a plebiscite of the people.

The reasons for England's hope today were:

First, despite the uncompromising statement the Sinn Fein official bulletin last night said: "The way is still open for an honorable understanding."

Second, the belief that a plebiscite will result in acceptance of the British offer.

Third, the Sinn Fein acknowledgement that renewal of war will mean the obliteration of the Sinn Fein.

## Irish Troops Guard Dail Eireann.

Dublin, Aug. 18.—Armed troops of the Irish republican army were called out to guard the mansion house this afternoon while the Dail Eireann went into secret session.

Huge crowds, among whom it was feared might be British "spotters," surrounded the building where the secret deliberations which were to determine the fate of Ireland were in progress.

Sinn Fein troops guarded lanes down which the delegates walked to enter the mansion house.

## British Peace Proposals Are Considered By Dail Eireann.

Dublin, Aug. 18.—While Ireland and England rushed preparations for renewed war, the Dail Eireann went into secret session today to frame its acceptance or rejection of Lloyd George's peace offer.

It seemed a foregone conclusion the offer would be spurned. As the Sinn Fein parliament met behind closed doors in the mansion house, sentries of the Irish republican army paced up and down the corridors.

Only a few blocks away there were scenes of activities around the black and tan barracks. Hundreds of khaki clad British soldiers were arriving on every train pulling into the railroad station. The present closed session which will determine the issue may last until next week, members of the Dail Eireann said. De Valera's fiery speech might not be the final word in connection with the British offer, but it gave a signal for nervous preparations for more fighting.

## Sees Higher Prices For Farm Products and More Money For Farmers

(By United Press.)

Harold Jacobs, N. Y., Aug. 18.—American farmers generally will experience the best season financially in several years and will pass their increased prosperity on in some measure to the rest of the country.

This is being brought about, paradoxically, by a crop shortage, by the law of supply and demand, and means higher prices for farm produce and income which will afford a greater buying power for this half of the nation's population, from which situation other industries are bound to benefit.

"I am an optimist concerning the immediate future of the agricultural industry and the report of this year's crop will pull the farmers out of the most serious situation in which they have ever found themselves," Gray Silver, Washington representative of the American farm bureau federation telegraphed the United Press today.

"Wheat, corn, oats, barley, rye, potatoes, tobacco, sugar beets and some fruit will have a much less yield than last year. This should mean but one thing if the domestic and foreign purchase power is anything like normal—higher prices for farm produce, more money in the farmer's hands, debts paid and higher standard of living."

## THE WEATHER

**Forecast for next 24 hours:**  
 Minnesota—Partlycloudy and somewhat unsettled tonight and Friday, warmer tonight in the south portion, cooler Friday in the west portion.

**Cooperative observers record:**  
 Aug. 17—Maximum 70, minimum 60. Reading in evening 68. Northwest wind. Clear.  
 Aug. 18—Minimum during the night, 42.

D., to do a general printing business, print newspapers, do job printing, etc. In the order named they hold office as president, secretary, vice president and treasurer.

### Senator King Thinks Wilson Should Serve on Disarmament Conference

(By United Press)  
 Washington, Aug. 18—Woodrow Wilson as the first advocate of disarmament, is the logical selection as one of the American delegates at the disarmament conference, Senator Win. B. King of Utah, democrat, declared today in an interview with the United Press.

Senator King said that the name of Wilson should naturally suggest itself to President Harding in his careful consideration of the appointment of delegates in order to select men of the highest ability, experience and training.

King also pointed out that Wilson had recovered sufficiently from his long illness to assume more active practice of law as an indication that Wilson's health would permit his participation in the conference.

"Woodrow Wilson has done more than any living person to promote disarmament," declared King.

### Crops Destroyed By Grasshoppers

(By United Press)  
 Paris, Aug. 18—A great plague of grasshoppers, billions of them darkening the sky, is destroying the last vestige of the crop needed for starving Russia in the Samaria and Saraf districts, according to reports reaching the Red Cross here today. Whole villages have been abandoned. Stragglers fall by the roadside and lay abandoned and unburied. It was reported that five billion pounds of food are needed in the districts which are ravaged by the grasshoppers.

### Prohib. Officers Seize Canadian Boat

Cleveland, Aug. 18.—Prohibition officers and police today seized the Canadian yacht Venice carrying ninety-six cases of liquor. They arrested the captain and four members of the crew together with three men engaged in loading liquor on a truck, and four women passengers.

### Little Money Saver Says:

If your linoleum is faded and worn you can easily and economically restore the original bright pattern with LIQUID GRANITE LINOLEUM VARNISH.

This durable varnish is not affected by either cold or hot water and with its wonderful wear resisting qualities will add years of service to your linoleum whether it is old or new.

Our telephone number is 57, just ask us to deliver a quart, use it, and if you are not satisfied with the results, the varnish will cost you nothing.

### Monument Dealers Select Pittsburgh For Next Meeting

(By United Press)  
 St. Paul, Aug. 18—Pittsburgh today was chosen as the 1922 convention city of the national retail monument dealers association. H. C. Hefauer, of Denver, was elected president, and George Colwell, of Pittsburgh, vice president. Tomorrow about one thousand persons, delegates and their families will go to St. Cloud as guests of the Northwestern Granite Manufacturers Association.

### British Accepted Disarmament Invitation With Joy and Delight

(By United Press)  
 London, Aug. 18—"We have accepted with joy and delight the invitation of the United States to a conference on disarmament," Premier Lloyd George wrote today in a message to Caerthilly voters, supporters of a coalition candidate.

"I pray the result will lead us toward peace—make the Pacific ocean real pacific. As long as nations war against each other war will ensue. I hope we will reach some understanding; some arrangement to keep armaments within a reasonable limit."

### N. P. Announces Cut In Dining Car Prices

Minneapolis, Aug. 18—The Northern Pacific railroad announced a reduction in prices in its dining car menus. L. K. Owens, new superintendent of dining car service, said the new prices were nearly at a prewar level. The "great big baked potato," a specialty of the road's menu, was reduced from 25 to 15 cents. Pots of coffee were cut from 20 to 15 cents, and cups of coffee from 15 to 10 cents. Bread and butter was cut from 15 to 5 cents. Similar reductions were announced for fish and meat orders.

### Governor Will Return Friday From Idaho

(By United Press)  
 St. Paul Aug. 18—Governor Preus will return to St. Paul Saturday from Idaho according to word received from him today.

He has been touring Idaho looking over lumber and mining property with a number of prominent men. They have been guests of Jerome Day, lumberman and publisher, at his summer home at Lake Cour d'Alene.

### Unfair Freight Rates Cause Farmers Big Loss

(By United Press)  
 St. Paul, Aug. 18—Farmers shipping oats from North Dakota to Minnesota can make no more than three cents a bushel profit, O. P. B. Jacobson, state railroad and warehouse commissioner, said today.

An unfair charge of freight rates he said, is responsible for this small return.

Commissioner Jacobson is preparing a statement for the interstate commerce commission which will be used in an attempt to secure an adjustment of rates.

Minnesota farmers shipping hay to St. Paul and Minneapolis do so at a loss, it was said.

### Lasher Not a Quitter

(By United Press)  
 Washington, Aug. 18—Chairman Lasher of the United States shipping board today denied reports that he is to resign.

"I will stick with the job until it is finished," he said. "I am not a quitter."

Whole villages have been abandoned. Stragglers fall by the roadside and lay abandoned and unburied. It was reported that five billion pounds of food are needed in the districts which are ravaged by the grasshoppers.

### Prohib. Officers Seize Canadian Boat

Cleveland, Aug. 18—Prohibition officers and police today seized the Canadian yacht Venice carrying ninety-six cases of liquor. They arrested the captain and four members of the crew together with three men engaged in loading liquor on a truck, and four women passengers.

### Little Money Saver Says:

If your linoleum is faded and worn you can easily and economically restore the original bright pattern with LIQUID GRANITE LINOLEUM VARNISH.

This durable varnish is not affected by either cold or hot water and with its wonderful wear resisting qualities will add years of service to your linoleum whether it is old or new. Our telephone number is 57, just ask us to deliver a quart, use it, and if you are not satisfied with the results, the varnish will cost you nothing.

### Monument Dealers Select Pittsburgh For Next Meeting

(By United Press)

St. Paul, Aug. 18—Pittsburgh today was chosen as the 1922 convention city of the national retail monument dealers association. H. C. Hefauer, of Denver, was elected president, and George Colwell, of Pittsburgh, vice president. Tomorrow about one thousand persons, delegates and their families will go to St. Cloud as guests of the Northwestern Granite Manufacturers Association.

### British Accepted Disarmament Invitation With Joy and Delight

(By United Press)

London, Aug. 18—"We have accepted with joy and delight the invitation of the United States to a conference on disarmament," Premier Lloyd George wrote today in a message to Caerthilly voters, supporters of a coalition candidate.

"I pray the result will lead us toward peace—make the Pacific ocean real pacific. As long as nations war against each other war will ensue. I hope we will reach some understanding; some arrangement to keep armaments within a reasonable limit."

### N. P. Announces Cut In Dining Car Prices

Minneapolis, Aug. 18—The Northern Pacific railroad announced a reduction in prices in its dining car menus. L. K. Owens, new superintendent of dining car service, said the new prices were nearly at a prewar level. The "great big baked potato," a specialty of the road's menu, was reduced from 25 to 15 cents. Pots of coffee were cut from 20 to 15 cents, and cups of coffee from 15 to 10 cents. Bread and butter was cut from 15 to 5 cents. Similar reductions were announced for fish and meat orders.

### Governor Will Return Friday From Idaho

(By United Press)

St. Paul Aug. 18—Governor Preuss will return to St. Paul Saturday from Idaho according to word received from him today.

He has been touring Idaho looking over lumber and mining property with a number of prominent men. They have been guests of Jerome Day, lumberman and publisher, at his summer home at Lake Cour d'Alene.

### Unfair Freight Rates Cause Farmers Big Loss

(By United Press)

St. Paul, Aug. 18—Farmers shipping oats from North Dakota to Minnesota can make no more than three cents a bushel profit. O. P. B. Jacobson, state railroad and warehouse commission member, said today.

An unfair charge of freight rates he said, is responsible for this small return.

Commissioner Jacobson is preparing a statement for the interstate commerce commission which will be used in an attempt to secure an adjustment of rates.

Minnesota farmers shipping hay to St. Paul and Minneapolis do so at a loss, it was said.

### Lasher Not a Quitter

(By United Press)

Washington, Aug. 18—Chairman Lasher of the United States shipping board today denied reports that he is to resign.

"I will stick with the job until it is finished," he said. "I am not a quitter."

## ON STYLE CARD AS FALL NEARS

Interesting Fashions Offered by  
Paris Dressmakers for  
Autumn Wear.

### DESIGNERS AIM TO PLEASE

Originators of Modes Endeavor to  
Devise Newest Notes That Will  
Satisfy Both France  
and America.

Despite the mushroom success of new tailors and dressmakers in Paris who have brought out certain simple types and popularized them to an almost unheard of extent, many women, writes a Paris fashion correspondent, now are ordering their clothes from houses that have held to their own definite types through all these changes in fashion.

Madeleine Vionnet, who only a short time ago might have been termed an outsider in the great dressmaking circles, has impressed both France and America very deeply with her simple floating panel styles and handkerchief drapery, but as women continually de-

able in dress at the present time—the flowing sleeve of greater length than those used heretofore and the high collar. The former might be termed a fashion which is thoroughly crystallized and the latter a strong fashion tendency.

Sleeves open at the top to reveal almost the entire arm are featured in one frock. It was created by Lanvin for a well-known French actress to wear in a recent production. The material used is a soft black satin. This is only one of the many indications that the more lustrous materials will vie with dull silks this autumn. Perhaps they will surpass them in popular favor. It is too early to know but it is certainly safe to predict that they will be used extensively. Many handsome models of shiny silks will be seen at the autumn openings. It will then remain for women to take their choice, but it is very likely that the public will have tired to a great extent of the dull finish and the crepe weave in silks.

Lanvin always has been an originator of most interesting embroideries. Recently she has been working out some extraordinary effects through entirely new means. For instance, she uses tinsel tinted in lovely color tones and applies it to the frock to give the effect of embroidered panels.

#### Some New Trimming Effects.

In a charming suit this effect has been achieved through the use of the white braid and blue beads. One cannot imagine this maker departing

### SURPRISE PARTY

Thirty-five Friends Visit Erick Zettervall on Occasion of His 50th Birthday

Thirty-five friends visited Erick Zettervall of 411 Second Avenue, Northeast on the occasion of his fiftieth birthday anniversary on Wednesday evening and gave him many appropriate presents. Mr. Zettervall appropriate presents. Mr. Zettervall a luncheon was served and the huge birthday cake with its 50 candles was a prominent feature.

### PAULIST CHOIR

R. D. Jenkins Considering Plans to Establish Permanent Endowment for Choir

R. D. Jenkins, director of the Citizens' Sharing Program of the Northwestern Medical and Surgical Association, Inc., spent Wednesday in Minneapolis in conference with representatives of the Paulist Choir of New York City.

The Paulist Choir, under the leadership of Father Finn, S. J., of New York, is recognized as the foremost exponent of the art of religious music in America. Plans are now under way for the establishment of a permanent endowment for the choir to provide for the selection and training of boy singers from the entire world.

### Correction. Stop the Press!

In a communication received from James Clarke Crust, eight pound son of Mr. and Mrs. J. E. Crust, who arrived at the N. P. Hospital Wednesday, August 10, young Mr. Clark after glancing at the Dispatch objected strenuously to the announcement made which heralded his arrival in this world as a baby girl.

In response to Baby Crust's protest the correction is gladly made.

### ASSISTANT CASHIERS

At Meeting Board Directors Citizens State Bank, Geo. W. Brown and Elmer O. Olson So Elected

At a recent meeting of the board of directors of the Citizens State Bank of Brainerd, George W. Brown and Elmer O. Olson were elected assistant cashiers. Both have been with the bank some time and have demonstrated their faithfulness and efficiency to the satisfaction of the directors.

### MARRIAGE LICENSES

August 8—Alton E. Niles to Gladys Senn.

### AMUSEMENTS

#### FINE PROGRAM

"Without Limit" is On at Lyceum for Two Days Run

A splendid triumph of the screen—that is the most fitting phrase descriptive of the masterly photoplay "Without Limit," which opened yesterday at the Lyceum theatre, as the feature attraction for a run of two days. It took the audience by storm, enraptured them with interest as the drama of a forlorn girl amid the cold-souled denizens of a gambling palace developed thrillingly, which unlooked for surprises.

And no wonder, considering what went into the making of the picture. It was adapted from the unusual short story of Calvin Johnston which recently was published in The Saturday Evening Post, and which made such a profound impression on all who read it. It is a George D. Baker production. Anna Q. Nilsson, the lovely screen actress, appears as the featured player.

### DRAMA OF THE SOUTH

Such is Wm. Gillette's Famous Play "Held by the Enemy"

Replete with the colorful atmosphere of the old South is Donald Crisp's production of "Held by the Enemy," a picturization of William Gillette's famous play, which will be shown at the New Park theatre tomorrow. The greatest care was employed in selecting the costumes, furnishing and in dressing the settings so as to surround the players with an atmosphere typical of the times.

The picture is a drama of some of the battles which were not waged on a battlefield—a drama of the heartaches that were suffered by the "folks at home," in the South, during the American Civil War.

There are many thrilling moments in the action. The cast is exceptionally fine and includes Agnes Ayres, Wanda Hawley, Lillian Leighton, Jack Holt, Lewis Stone, Robert Carr, Walter Hiers and others. The picture is well worth seeing.

### Second Choice in Love

Do you believe the second choice in love is sometimes the right one?

When pretty Judith married Billy Westover, the quality in him that chiefly attracted her was a certain wild happy-go-luckiness. And that, combined with his taste for surreptitious liquor and cabarets, led finally to their divorce, a few hours before Billy met his fate in front of a motor truck. Judith witnessed the accident, but she hadn't heard that a slump in the Stock Market had wiped out Billy's fortune just previously. Nor was she aware in the months that followed that Princeton Hadley, Billy's chum, was living up to an agreement and paying the alimony to her lawyer that should have come out of her ex-husband's estate. And when Judith discovered this, she also discovered that she was in love with Princeton.

How it all turns out is best left to Enid Bennett and the clever cast of players who are supporting her in her new Ince picture, "Her Husband's Friend," showing at the New Park theatre today. Miss Bennett was never more winsome, and the romantic story by Marjorie Benton Cooke fits her like a glove.

### Larry Semon Comedy

Thrills and laughs alternate in "The Hick," Larry Semon's Vitagraph special comedy which is being shown at the Lyceum theatre tonight. The famous Semon laughs abound and between each one is some daring stunt which will cause spectators to gasp, only to have the tension relieved by the next mirth-provoking incident.

### PEQUOT

Pequot, Minn., Aug. 18.—In spite of some depression in land sales, a goodly number are recorded in Pequot. The Minnesota Immigration Bureau reports purchases from Lisbon and Beach, N. D., Anoka, Ruthen, Clear Lake, Benson, and Minot, N. D.

Mr. and Mrs. Roy Gustafson had some dental work done in Brainerd. Ted and Lillian Wettergreen of Princeton visited in town.

Mrs. J. P. Walters and Mrs. J. W. Curo and son of Brainerd were guests of Mr. and Mrs. A. R. Holman.

Mrs. Leo Norwood took chiropractic adjustments in Brainerd.

Winnie Goldsberry has bought the Ferguson home and moved in it.

Mr. and Mrs. Julius Christopherson returned Wednesday afternoon from Brainerd, where Mr. Christopherson had been taking treatments at a hospital for an abscess in his throat.

The Augsburg sextet of Augsburg Seminary, Minneapolis, gave a sacred concert at the Norwegian Lutheran church.

### Women Will Have Part In Disarmament Conference

(By United Press.)

Washington, Aug. 18.—President Harding gave assurance today that women will have a part in the disarmament conference.

Whether a woman will sit as a delegate or as a member of an advisory board which the president contemplates appointing, has not been decided apparently.

### Equals Twenty Tunnels.

The two enormous masonry-faced steel towers supporting the contemplated bridge connecting Manhattan with Jersey City will each of them be 840 feet high, or 48 feet taller than the Woolworth building.

The upper deck of the bridge, over which will flow all the automobile and motortruck traffic, will accommodate as many moving vehicles as ten two-track tubes such as the pair soon to be built under the Hudson river at Canal street, at a cost of \$150,000,000.

The lower deck will carry ten railroad tracks.

The bridge is expected to cost \$110,000,000. Tunnels under the river, equivalent to the bridge in traffic capacity, would, it is estimated, cost two and a half times as much. Not fewer than 20 of them would be required.

### Swallowed Cigaret Holder.

Loo Va Lee, a Chinese boy of ten, was taken to the Shanghai hospital, a few weeks ago after "swallowing" a cigaret holder 2½ inches long, ¾ inches in diameter at the wider end and ¼ inch at the lower end, with a linen band ¼ inch in diameter. Examination showed that this object had lodged in his windpipe and that all his breathing was being done through it. An effort to get hold of the cigaret holder with forceps and pull it out failed, so the surgeon opened the boy's throat, got hold of the lower end and withdrew it that way.

### Give the Boy a Chance.

"What have you named your baby, Rastus?"

"Sam Pro Tem Johnson, sah."

"What's the Pro Tem for?"

"To show that the name is only temporary, sah. We kinder thought Sam might like to choose his own name when he growed up, so we put in de Pro Tem as a warning to de public."

Edinburgh Scotland.

### THE HUMAN BODY

Your body has nothing in common with many things recommended to improve health. Study the matter out, think it over, then act.

### CHIROPRACTIC

Includes nothing harmful and everything helpful. I can relieve in the majority of human ailments by merely adjusting the displaced parts that interfere with free passage of natural health energy.

### DISEASE MISDIRECTED ENERGY

Your body is competent to cure itself. I have proved the statement in recovery through chiropractic adjustment of scores of persons variously afflicted.

Let me examine your case and give you the facts. No charge for consultation.

### IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

### Be Free From Tan---

By the simple process of carefully anointing the face, hands and all exposed skin with Nyal Face Cream previous to going outdoors in the sun, on the auto ride or in bathing and afterwards washing the face and again anointing it with our cold cream, tan can easily be prevented. If, on the other hand, tan appears and you want to avoid the unsightly peeling or the distressing burn, our Nyal Face Cream will do the work. It makes an excellent all-round toilet application for all purposes at all times. Something to be depended upon, something to be admired.

(By United Press.)

Washington, Aug. 18.—President Harding gave assurance today that women will have a part in the disarmament conference.

Whether a woman will sit as a delegate or as a member of an advisory board which the president contemplates appointing, has not been decided apparently.

### Equals Twenty Tunnels.

The two enormous masonry-faced steel towers supporting the contemplated bridge connecting Manhattan with Jersey City will each of them be 840 feet high, or 48 feet taller than the Woolworth building.

The upper deck of the bridge, over which will flow all the automobile and motortruck traffic, will accommodate as many moving vehicles as ten two-track tubes such as the pair soon to be built under the Hudson river at Canal street, at a cost of \$150,000,000.

The lower deck will carry ten railroad tracks.

The bridge is expected to cost \$110,000,000. Tunnels under the river, equivalent to the bridge in traffic capacity, would, it is estimated, cost two and a half times as much. Not fewer than 20 of them would be required.

### Swallowed Cigaret Holder.

Loo Va Lee, a Chinese boy of ten, was taken to the Shanghai hospital, a few weeks ago after "swallowing" a cigarette holder 2½ inches long, ¾ inches in diameter at the wider end and ¼ inch at the lower end, with a linen band ¼ inch in diameter. Examination showed that this object had lodged in his windpipe and that all his breathing was being done through it. An effort to get hold of the cigarette holder with forceps and pull it out failed, so the surgeon opened the boy's throat, got hold of the lower end and withdrew it that way.

### Give the Boy a Chance.

"What have you named your baby, Rastus?"  
"Sam Pro Tem Johnson, sah."  
"What's the Pro Tem for?"  
"To show that the name is only temporary, sah. We kinder thought Sam might like to choose his own name when he grew up, so we put in de Pro Tem as a reminder to de public," Edinburgh Scotland.

### THE HUMAN BODY

Your body has nothing in common with many things recommended to improve health. Study the matter out, think it over, then act.

### CHIROPRACTIC

Includes nothing harmful and everything helpful. I can relieve in the majority of human ailments by merely adjusting the displaced parts that interfere with free passage of natural health energy.

DISEASE MISDIRECTED ENERGY  
Your body is competent to cure itself. I have proved the statement in recovery through chiropractic adjustment of scores of persons variously afflicted.

Let me examine your case and give you the facts. No charge for consultation.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

BRAINERD MINN.

## Be Free From Tan==

By the simple process of carefully anointing the face, hands and all exposed skin with **Nyal Face Cream** previous to going outdoors in the sun, on the auto ride or in bathing and afterwards washing the face and again anointing it with our cold cream, tan can easily be prevented. If, on the other hand, tan appears and you want to avoid the unsightly peeling or the distressing burn, our **Nyal Face Cream** will do the work. It makes an excellent all-round toilet application for all purposes at all times. Something to be depended upon, something to be admired.

# Rosko Brothers

Blue Serge Suit Model With White Braid and Blue Beads and a Charming Satin Dress Worn Recently by a French Actress.

mand varying types the opportunity is not lacking for the success of a variety of styles. This gives a house like Jeanne Lanvin an opportunity to keep her definite types.

One model is a box coat suit in blue serge marked off in little squares with white braid and blue beads. It has the high frilled collar and jabot which continue to find favor. Lanvin has for some time been a strong advocate of these short, youthful-looking jackets, as well as all sorts of frilled high collars and fluffy jabot effects.

### Designer's Mark Always Present.

It is a very good thing for clothes in general that the great makers hold definitely to ideas that are distinctly their own. The designing and making of dress is a great deal of a gamble, the past two years have shown very plainly that there is no telling when a very simple thing may meet with an almost over-night success.

If all the dressmakers in Paris had followed Vionnet's lead and made her type of dress because it was the best seller for the time being, they would have lost their cachet completely and would have been practically nowhere when the wave of enthusiasm over this particular style had died down, as it certainly must.

Of course, they cannot always hold to a definite type. No designer can do this and be a success. New themes or variations of successful old ones must be continually worked out.

### Flowing Sleeve and High Collar.

The same holds true of those who do not design clothes, but import to America the works of the various great French makers. They must permit their own taste to prevail in making their choice. For instance, it was all very well to bring over those unique models from Madeleine et Madeleine which had the waistline placed at the knees, if one desired to show great novelty, but it was not reasonable to suppose that the women of this country or any other, no matter how capricious they might be, were likely to adopt such a fantastic style.

There are two outstanding features of the Lanvin clothes which are noticeable from embroideries or embroidered effects, as work of this sort has been raised to the eminence of a fine art in her work rooms and no amount of study and effort spared to produce the best in this line.

Children, too, have their fashions nowadays and their clothes are receiving an amount of study and attention which would have astonished makers of children's clothes a few years ago. Great designers have discovered the artistic possibilities that lie in these little garments. Consequently they are infinitely more attractive than in the days when they did not differ from the dresses of their elders and when little babies' dresses were miniature duplicates of their mothers' frocks, or even within the last decade, when clothes for little people were just plain and useful.

Of course, the best children's clothes are simple. It is impossible to overdo simplicity in them. And no matter how simple, they may have some special interest of design or trimming, as do those of grownups.

We have in great abundance the frills, flounces and fichus of a hundred years ago in dresses for future debutantes, but the very smartest thing is the chemise dress of white or some delicately colored French voile with a bit of hand needlework adorning it.

### Styles Seen at the Races.

The lovely summer days brought out a large attendance at the race courses. All of the week days are more chic than the Sundays and it is on bright, sunny afternoons at Longchamps, Auteuil Saint Cloud, Maisons Laiffite and Vincennes that the smart Parisienne has an opportunity to display her latest extravagances.

Among the novelties noted are plaid cape wraps which are nothing more than big, straight scarfs, as wide as they are long, thrown across the shoulders.

Too much emphasis cannot be laid upon the continued popularity of the cape and the continued use of monkey fur as a trimming on every form of summer wrap for both day and evening wear.

## THE DYE EMBARGO.

Much interest is being taken throughout the country over the action of Congress in regard to the dye embargo, which the House recently struck from the Fordney tariff bill by a narrow margin. The present embargo expires Aug. 27, and a resolution to extend it has been introduced in addition to the provision for a three-year embargo in connection with the tariff bill.

It is well known that the administration is deeply concerned in this legislation, believing that protection of the potential gas and explosive factories of this country against German competition is essential before it enters the forthcoming conference on disarmament. Ironclad arrangements have been made by all other countries to prevent Germany ever getting the upper hand again by monopolizing the manufacture of dyes. The importance of protecting an industry that is essential to the safety of the country in the event of future wars is fully realized by President Harding.

High duties are proposed on dye stuffs, but it is claimed no tariff will meet the problem, as it is known that German dye interests have supplies piled up in their ports ready to ship to America the moment the embargo expires. The market would be swamped and the American manufacturer driven out of business if all these dyes are dumped into the United States. The German government will make good the losses of her exporters with a view to controlling the dye industry again. It is therefore apparent that the only way the American dye industry can be saved is by an embargo that will give domestic producers time to build up a business that will withstand cut rates from Germany. The British, French, Japanese and Italian governments have protected themselves against this sort of German competition.

## ARMY CANTONMENTS VACATED.

In order to keep within the limited appropriations granted it by Congress for the current fiscal year, the War Department is making a record in economy. One of the first steps was a recent order vacating seven army cantonments which have been in use since the United States entered the world war.

All troops at cantonments to be vacated will be moved and reassigned to camps to be retained. The land on which these cantonments stand will be retained with certain improvements and utilities, such as water and sewer systems, lighting and heating plants, storehouses, tracks, etc. All other property in these camps is to be salvaged and sold.

In order to save expense, the shifting of troops will be as far as possible without recourse to railroads. The troops will march to their new stations about Sept. 1 and this will provide a needed training.

The War Department also announces that it will have reduced the army to 150,000 by Oct. 1.

## OUTLOOK IN NORTH DAKOTA.

The outlook appears very favorable for the crushing defeat of the Non-partisan league in North Dakota this fall. The Valley City Times-Record predicts the election of R. A. Nestos as governor, "hands down," and adds:

"The people are commencing to really see the light as the startling facts come out that the state has no money with which to pay its bills. That is the present condition and all the denials the Non-partisan league speakers make on the public platform only put them that much deeper in the mire."

## NAVAL CONSTRUCTION STOPPED.

There has recently been an important reduction in naval construction as a consequence of the reduced appropriation for that purpose. The last monthly report issued by the navy bureau of construction and repair, for

the first time in many years, shows the word "Indefinite" in the column headed "Date of Completion," after practically all of the ships. In the battleship classes there are only two exceptions—the Maryland and California—both of which are completed and will be placed in commission at once. Work on nine other battleships is held up because of the curtailment of funds by the new naval appropriation act. Six battle-cruisers, nine scout cruisers, eleven destroyers and thirty-seven submarines are all included in the "Indefinite" class.

## BIG GRAIN MOVEMENT.

The farmers, who were first to feel the pinch of the nation-wide economic depression, now are beginning to experience a return of prosperity. One of the greatest grain movements in history now is crowding the facilities of the railroads. Grain shipments during the last few weeks broke all records in the history of the trade. Farmers are crowding grain to market in such quantities that in some places there is not sufficient elevator storage space. Difficulty in handling grain receipts was reported at Chicago and Galveston.

## SENATE GETS ROAD BILL.

The Federal good roads aid bill was favorably reported to the Senate on Monday, and an effort will be made to pass it before recess. By this bill a Federal commission of three is provided to disburse the \$100,000,000 authorized for annual road improvements, of which three-sevenths may be inter-country. Sixty per cent or more of Federal funds would go into inter-state roads. In states having large public land areas, a sliding scale of Federal aid is provided for.

## BUSINESS CONDITIONS

Dun & Co. report for last week a slow improvement in business, with wholesale business generally satisfactory. Dealers are still reluctant in buying ahead in quantities and deliveries of merchandise for fall and winter use are not equal to those of a year ago, but the dealers have no surplus stocks and are buying freely for current needs. Collections are only fair, but decided improvement is looked for when the crop of the Northwest begins to move.

All Eastern railroads show substantial increases in the number of men employed in shop and repair work as compared with June 1. The New York Central has increased its payroll by 9,000 men in its various shops; the Pennsylvania system shows an increase of approximately 5,000, the Seaboard Air line and Erie and Lackawanna 1,000 each.

Mayor S. I. Snively of Duluth is endeavoring to secure a National Guard air service unit to be used in combating forest fires in Northern Minnesota. A fleet of fast airplanes, with a corps of competent observers, would be a practical insurance against such disastrous fires as those of 1918, which threatened the entire city of Duluth.

The St. Paul Pioneer Press finds comfort in the thought that "foreign diplomats need not be vexed about Borah and Hiram Johnson. Other countries have the same kind of nuisances. And we also have with us today the irrepressible LaFollette, and our only own Oscar Keller—and others.

The gross revenue of three big railroads operating in Minnesota was considerably less for the first six months of 1921 than for the corresponding period of a year ago, according to reports to the state tax commission. The earnings of the Northern Pacific for the six months are almost \$1,200,000 less than for the same time in 1920.

Deposits in New York savings banks in the first six months of 1921 increased \$109,809,000 or 5.9 per cent. The total deposits in New York savings banks July 1 in round numbers were \$2,000,000,000.

The great army of government employees of the country are anxiously awaiting the reclassification which depends upon the outcome of congressional investigation.

A good many of our American housewives would be delighted if Germany paid part of the reparation demands in good old-fashioned housemaids.

A very good argument in favor of American isolation is the fact that Europe thinks it a very narrow and dangerous policy.

Why wouldn't it be a good idea to Americanize the politicians who cater to the hyphenate vote?

## The Art of Life.

The art of life is to keep step with the celestial orchestra that beats the measure of our career and gives the cue for our exits and our entrances. Why should we willingly miss anything, or be angry with folly, or in despair at any misadventure? In this world there should be none but gentle tears and fluttering tip-toe loves. It is a great carnival, and amongst these lights and shadows of comedy, these roses and vices of the playhouse, there is no abiding.—G. Santayana, in the Dial.

## RESOLUTION

Whereas the city council deems it necessary for the safety of the general public that the suitable sidewalks abutting the property herein after named be constructed:

Therefore be it resolved by the city council of the City of Brainerd that sidewalks be laid, built and constructed of stone, artificial stone, cement, metalary glass, and be six feet in width according to the Ordinances of said City in such case made and provided for; abutting the property described as follows, to wit: along the west property line of Lots numbered 18, 19, and 20, of Block 194; along the east line of Lot seven (7), Block 190; and along the south line of Lot one (1) of Block 54; and along the west line of Lot thirteen (13) and fourteen (14) in Block 138; all said lots being in the town of Brainerd according to the plat thereof on file and on record at the office of the Register of Deeds in the afore Crow Wing county; and along the south line of Block 155 in the First Addition to the Town of Brainerd as platted.

Adopted this 15th day of August, 1921.

J. H. STRICKLER,  
President of the Council  
Approved this 15th day of August, 1921.

F. E. LITTLE,

## Document of the Early Church.

The "Didache, or Teaching of the Twelve Apostles" was a didactic work for use in the early church. It was discovered by Bryennius at Constantinople and published in 1883. It had been written in Greek, about 1050 A. D. It is of great value for the study of organization, belief and worship of the early church and was held in high esteem. In it is a description of the two ways—of life and death—in the form of rules for Christian conduct.

## Her Probable Intention.

Wright had been sent to the bank with his weekly amount, and when he returned he did not have his book. His mother asked him where it was. After quite a little hesitation he confessed to her in a whisper, "Well, mother, the girl took it and kept it. I think she wanted to weigh it."

## ORDINANCE NO. 304

An Ordinance providing for and fixing a license fee to be paid by any person, firm or corporation maintaining gasoline or other oil tanks and pumps in the City of Brainerd, Minnesota.

The City Council of the City of Brainerd Do Ordain:

Section 1. No person, firm or corporation shall engage in the business of keeping, maintaining or operating any gasoline filling station in the City of Brainerd without first obtaining a license therefor from the City Council and paying a license fee as hereinafter provided. For the purpose of this ordinance, a gasoline filling station is hereby defined to be any place, building, pump or device maintained and used on private premises or upon any public street, alley or any other public place in the City of Brainerd, for the main purpose of selling or dispensing gasoline or other oils for use in motor vehicles of any kind.

Section 2. Applications for such licenses shall be made to the council, in writing, and when granted by the Council, license shall be issued by the City Clerk upon the receipt by him of the license fee herein required. All licenses under this ordinance shall be for a period terminating on the first Monday in January next following the issuance thereof. The fee for any such license issued after the beginning of such license year shall be the proportionate amount of such annual license fee corresponding to the portion of the license year for which such license is issued.

Section 3. Such licenses shall be transferable only (1) when the licensee desires to change his place of business, or (2) when the licensee has sold and disposed of his business. No transfer of any such license shall be made except with the consent of the council. All applications for consent of the council to the transfer of any such license shall be made in writing and be signed by both the licensee and the person or persons to whom it is desired to transfer the same.

Section 4. When a gasoline filling station, as herein defined, is located wholly on private property, the annual license fee for such license shall be and is hereby fixed at Fifty Dollars (\$50.00).

Section 5. Where gasoline or other oil is dispensed on the public street or alley or other public property, within the fire limits of the City of Brainerd, through a curb pump, post, or other similar device, the annual license fee for such license shall be and is hereby fixed at Fifty Dollars (\$50.00).

Section 6. Where gasoline or other oil is dispensed on a public street or alley or other public property, in the City of Brainerd, where the same is not located within the fire limits of said city, through a curb pump, post, or other similar device, the annual license fee for such license shall be and is hereby fixed at Twenty-five Dollars (\$25.00).

Section 7. Any license issued under and pursuant to the provisions of this ordinance may be revoked by the council at any time.

Section 8. Any person, violating the provisions of this ordinance shall upon conviction thereof be punished by a fine of not more than One Hundred Dollars, or by imprisonment for not more than ninety days.

Section 9. This ordinance shall take effect and be in force from and after its publication.

Passed 1st day of August, 1921.  
J. H. STRICKLER,  
President of the Council  
Approved 4th day of August, 1921.

F. E. LITTLE,  
Mayor  
Attest:  
GEO. W. GREWCOX,  
City Clerk

## THE DYE EMBARGO.

Much interest is being taken throughout the country over the action of Congress in regard to the dye embargo, which the House recently struck from the Fordney tariff bill by a narrow margin. The present embargo expires Aug. 27, and a resolution to extend it has been introduced in addition to the provision for a three-year embargo in connection with the tariff bill.

It is well known that the administration is deeply concerned in this legislation, believing that protection of the potential gas and explosive factories of this country against German competition is essential before it enters the forthcoming conference on disarmament. Ironclad arrangements have been made by all other countries to prevent Germany ever getting the upper hand again by monopolizing the manufacture of dyes. The importance of protecting an industry that is essential to the safety of the country in the event of future wars is fully realized by President Harding.

High duties are proposed on dye stuffs, but it is claimed no tariff will meet the problem, as it is known that German dye interests have supplies piled up in their ports ready to ship to America the moment the embargo expires. The market would be swamped and the American manufacturer driven out of business if all these dyes are dumped into the United States. The German government will make good the losses of her exporters with a view to controlling the dye industry again. It is therefore apparent that the only way the American dye industry can be saved is by an embargo that will give domestic producers time to build up a business that will withstand cut rates from Germany. The British, French, Japanese and Italian governments have protected themselves against this sort of German competition.

## ARMY CANTONMENTS VACATED.

In order to keep within the limited appropriations granted it by Congress for the current fiscal year, the War Department is making a record in economy. One of the first steps was a recent order vacating seven army cantonments which have been in use since the United States entered the world war.

All troops at cantonments to be vacated will be moved and reassigned to camps to be retained. The land on which these cantonments stand will be retained with certain improvements and utilities, such as water and sewer systems, lighting and heating plants, storehouses, tracks, etc. All other property in these camps is to be salvaged and sold.

In order to save expense, the shifting of troops will be as far as possible without recourse to railroads. The troops will march to their new stations about Sept. 1 and this will provide a needed training.

The War Department also announces that it will have reduced the army to 150,000 by Oct. 1.

## OUTLOOK IN NORTH DAKOTA.

The outlook appears very favorable for the crushing defeat of the Non-partisan league in North Dakota this fall. The Valley City Times-Record predicts the election of R. A. Nestos as governor, "hands down," and adds:

"The people are commencing to really see the light as the startling facts come out that the state has no money with which to pay its bills. That is the present condition and all the denials of the Nonpartisan league speakers make on the public platform only put them that much deeper in the mire."

## NAVAL CONSTRUCTION STOPPED.

There has recently been an important reduction in naval construction as a consequence of the reduced appropriation for that purpose. The last monthly report issued by the navy bureau of construction and repair, for

the first time in many years, shows the word "Indefinite" in the column headed "Date of Completion," after practically all of the ships. In the battleship classes there are only two exceptions—the Maryland and California—both of which are completed and will be placed in commission at once. Work on nine other battleships is held up because of the curtailment of funds by the new naval appropriation act. Six battle cruisers, nine scout cruisers, eleven destroyers and thirty-seven submarines are all included in the "Indefinite" class.

## BIG GRAIN MOVEMENT.

The farmers, who were first to feel the pinch of the nation-wide economic depression, now are beginning to experience a return of prosperity. One of the greatest grain movements in history now is crowding the facilities of the railroads. Grain shipments during the last few weeks broke all records in the history of the trade. Farmers are crowding grain to market in such quantities that in some places there is not sufficient elevator storage space. Difficulty in handling grain receipts was reported at Chicago and Galveston.

## SENATE GETS ROAD BILL.

The Federal good roads aid bill was favorably reported to the Senate on Monday, and an effort will be made to pass it before recess. By this bill a Federal commission of three is provided to disburse the \$100,000,000 authorized for annual road improvements, of which three-sevenths may be inter-country. Sixty per cent or more of Federal funds would go into inter-state roads. In states having large public land areas, a sliding scale of Federal aid is provided for.

## BUSINESS CONDITIONS

Dun & Co. report for last week a slow improvement in business, with wholesale business generally satisfactory. Dealers are still reluctant in buying ahead in quantities and deliveries of merchandise for fall and winter use are not equal to those of a year ago, but the dealers have no surplus stocks and are buying freely for current needs. Collections are only fair, but decided improvement is looked for when the crop of the Northwest begins to move.

All Eastern railroads show substantial increases in the number of men employed in shop and repair work as compared with June 1. The New York Central has increased its payroll by 9,000 men in its various shops; the Pennsylvania system shows an increase of approximately 5,000, the Seaboard Air line and Erie and Lackawanna 1,000 each.

Mayor S. I. Snively of Duluth is endeavoring to secure a National Guard air service unit to be used in combating forest fires in Northern Minnesota. A fleet of fast airplanes, with a corps of competent observers, would be a practical insurance against such disastrous fires as those of 1918, which threatened the entire city of Duluth.

The St. Paul Pioneer Press finds comfort in the thought that "foreign diplomats need not be vexed about Borah and Hiram Johnson. Other countries have the same kind of nuisances. And we also have with us today the irrepressible LaFollette, and our only own Oscar Keller—and others.

The gross revenue of three big railroads operating in Minnesota was considerably less for the first six months of 1921 than for the corresponding period of a year ago, according to reports to the state tax commission. The earnings of the Northern Pacific for the six months are almost \$1,200,000 less than for the same time in 1920.

Deposits in New York savings banks in the first six months of 1921 increased \$109,809,000 or 5.9 per cent. The total deposits in New York savings banks July 1 in round numbers were \$2,000,000,000.

The great army of government employees of the country are anxiously awaiting the reclassification which depends upon the outcome of congressional investigation.

A good many of our American housewives would be delighted if Germany paid part of the reparation demands in good old-fashioned housemaids.

A very good argument in favor of American isolation is the fact that Europe thinks it a very narrow and dangerous policy.

Why wouldn't it be a good idea to Americanize the politicians who cater to the hyphenate vote?

## REAL ESTATE TRANSFERS

## AUGUST 1

Jame K. Black or J. K. Black and wife to Edna L. West, lots 1 and 2, blk. 2, Birchdale, wd, \$1, etc.  
 Same, to Casper Olson, lot 6, blk. 1, Birchdale, wd, \$375.

## The Art of Life.

The art of life is to keep step with the celestial orchestra that beats the measure of our career and gives the cue for our exits and our entrances. Why should we willingly miss anything, or be angry with folly, or in despair at any misadventure? In this world there should be none but gentle tears and fluttering tip-toe loves. It is a great carnival, and amongst these lights and shadows of comedy, these roses and vices of the playhouse, there is no abiding.—G. Santayana, in the Dial.

## RESOLUTION

Whereas the city council deems it necessary for the safety of the general public that the suitable sidewalks abutting the property herein-after named be constructed:

Therefore be it resolved by the city council of the City of Brainerd that sidewalks be laid, built and constructed of stone, artificial stone, cement, metal, glass, and be six feet in width according to the Ordinances of said City in such case made and provided for: abutting the property described as follows, to wit: along the west property line of Lots numbered 18, 19, and 20, of Block 194; along the east line of Lot seven (7), Block 190; and along the south line of Lot one (1) of Block 54; and along the west line of Lot thirteen (13) and fourteen (14) in Block 138; all said lots being in the town of Brainerd according to the plat thereof on file and on record at the office of the Register of Deeds in the afore Crow Wing county; and along the south line of Block 155 in the First Addition to the Town of Brainerd as platted.

Adopted this 15th day of August, 1921.

J. H. STRICKLER,  
 President of the Council  
 Approved this 15th day of August, 1921.

F. E. LITTLE,  
 Mayor

GEORGE W. GREWCOW,  
 City Clerk

## Document of the Early Church.

The "Didache, or Teaching of the Twelve Apostles," was a didactic work for use in the early church. It was discovered by Bryennius at Constantinople and published in 1883. It had been written in Greek, about 1056 A. D. It is of great value for the study of organization, belief and worship of the early church and was held in high esteem. In it is a description of the two ways—of life and death—in the form of rules for Christian conduct.

## Her Probable Intention.

Wright had been sent to the bank with his weekly amount, and when he returned he did not have his book. His mother asked him where it was. After quite a little hesitation he confessed to her in a whisper, "Well, mother, the girl took it and kept it. I think she wanted to weigh it."

## ORDINANCE NO. 304

An Ordinance providing for and fixing a license fee to be paid by any person, firm or corporation maintaining gasoline or other oil tanks and pumps in the City of Brainerd, Minnesota.

The City Council of the City of Brainerd Do Ordain.

Section 1. No person, firm or corporation shall engage in the business of keeping, maintaining or operating any gasoline filling station in the City of Brainerd without first obtaining a license therefrom from the City Council and paying a license fee as hereinafter provided. For the purpose of this ordinance, a gasoline filling station is hereby defined to be any place, building, pump or device maintained and used on private premises or upon any public street, alley or any other public place in the City of Brainerd, for the main purpose of selling or dispensing gasoline or other oils for use in motor vehicles of any kind.

Section 2. Applications for such licenses shall be made to the council, in writing, and when granted by the Council, license shall be issued by the City Clerk upon the receipt by him of the license fee herein required. All licenses under this ordinance shall be for a period terminating on the first Monday in January next following the issuance thereof. The fee for any such license issued after the beginning of such license year shall be the proportionate amount of such annual license fee corresponding to the portion of the license year for which such license is issued.

Section 3. Such licenses shall be transferable only (1) when the licensee desires to change his place of business, or (2) when the licensee has sold and disposed of his business. No transfer of any such license shall be made except with the consent of the council. All applications for consent of the council to the transfer of any such license shall be made in writing and be signed by both the licensee and the person or persons to whom it is desired to transfer the same.

Section 4. When a gasoline filling station, as herein defined, is located wholly on private property, the annual license fee for such license shall be and is hereby fixed at Fifty Dollars (\$50.00).

Section 5. Where gasoline or other oil is dispensed on the public street or alley or other public property, within the fire limits of the City of Brainerd, through a curb pump, post, or other similar device, the annual license fee for such license shall be and is hereby fixed at Fifty Dollars (\$50.00).

Section 6. Where gasoline or other oil is dispensed on a public street or alley or other public property, in the City of Brainerd, where the same is not located within the fire limits of said city, through a curb pump, post, or other similar device, the annual license fee for such license shall be and is hereby fixed at Twenty-five Dollars (\$25.00).

Section 7. Any license issued under and pursuant to the provisions of this ordinance may be revoked by the council at any time.

Section 8. Any person violating the provisions of this ordinance shall upon conviction thereof be punished by a fine of not more than One Hundred Dollars, or by imprisonment for not more than ninety days.

Section 9. This ordinance shall take effect and be in force from and after its publication.

Passed 1st day of August, 1921.  
 J. H. STRICKLER,  
 President of the Council  
 Approved 1st day of August, 1921.

## NEW HOSPITAL CONTRACT LET

Charles Skooglund of St. Paul Is To Build New Unit of Northwestern Hospital in Brainerd

## STRUCTURE READY THIS FALL Citizens' Sharing Program Mapped Out Under Personal Direction of R. D. Jenkins

The contract for the general construction of the new unit of the Northwestern hospital, corner 8th and Kinkwood Sts., was let to Charles Skooglund, contractor, of St. Paul at a meeting of the board of directors of the Northwestern Medical and Surgical Association, Inc. held Wednesday afternoon. Mr. Skooglund is one of the prominent contractors in the state. The construction of the county court house at St. Cloud is now under his supervision and equipment from St. Cloud will be transferred to Brainerd and work upon the new Northwestern hospital unit inaugurated immediately. The structure will be ready for occupancy this fall. The insured completion of the first unit of a building which will give to Brainerd and this vicinity hospital facilities unsurpassed in the state brings profound satisfaction to the citizens of this community.

Co-incident with the formal placing of the construction contract announcement was made of a Citizens' Sharing Program the plan of which is to give to the people of this region an opportunity to actively identify themselves with the upbuilding of the Northwestern hospital. As a feature of this Citizens' Sharing Program a block of preferred stock in the Northwestern Medical and Surgical Association, Inc., will be offered to the public. So far as is known no American hospital has given to the supporting public within the community to become investors and participants in the hospital association itself. Thus one may at once make a safe and certain remunerative investment and, also, render a real service to the community by adding to the support of an institution of notable value to Brainerd. Not only will the residents of Brainerd and vicinity have the most modern hospital facilities at their own disposal but, with no other hospital comparable in equipment between the Twin Cities and Duluth, patients from a wide area will come to Brainerd for hospital service and contribute to the various business currents of Brainerd life.

The preferred stock in the hospital association bears a guaranteed dividend of 6%. Each share has a par value of \$25 and is redeemable at \$26 with the addition of any accumulated and accrued dividends. The stock will be offered for sale by a group of business and professional men who are thoroughly alive to the significant advantage which will attach to Brainerd by the erection and maintenance here of a hospital of first rank. Applications for shares have already been received in considerable number; but the Citizens' Sharing Program calls for a policy of placing the shares in the hands of a large number of holders not only in Brainerd but within the adjacent districts. Following the completion of the sale in Brainerd the Citizens Committee will conduct an automobile tour to the surrounding towns for the purpose of extending to the citizens of the Brainerd territory the same opportunity for participating in the hospital development now open to the residents of Brainerd.

The Citizens' Sharing Program of the Northwestern Medical and Surgical Association, Inc. is under the personal direction of R. D. Jenkins, of the firm of Bronson, Batchelor, Inc. Counsellors in Publicity and Public Relations, New York City. The services of Mr. Jenkins in the supervision of this project were obtained by the influence of personal friends resident in Brainerd.

In addition to the directors of the hospital association the following attended the meeting of the Board of Directors Wednesday: J. O. Cederberg, Jr., St. Paul, architect, Charles Skooglund, St. Paul, contractor, R. D. Jenkins.

## TONY CRULL SENTENCED BY JUDGE

Tony Crull, of Chyuna, charged carnal knowledge of a girl of 13, was before Judge W. S. McClenahan of the district court, and pleading guilty was sentenced to an indeterminate term in the reformatory at St. Cloud. By so doing Crull saved the county considerable trial expense. The taking of Crull and securing a confession was an achievement on the part of Sheriff Claus A. Theorin.

## DETAILS OF FUR ROBBERY GIVEN

A. N. Kriebs of Hackensack is Carefully Going Over Stock and Checking Up Losses

## TRUCK WAS USED BY BANDITS Tracks Found at Rear of Store—Brainerd Girls are Heavy Losers in the Robbery

Hackensack, Minn., Aug. 18—Boring holes into the front door and working the lock to gain entrance, a band of fur robbers got away with furs and fur goods valued at \$8,000, that being the estimate placed on the loss by the proprietor, A. N. Kriebs, well known furrier and taxidermist. A truck was used to carry away the goods, for in the rear of the store was found tire tracks, a diamond tread Goodyear being a mark of a right rear wheel. That the band worked rapidly was noticed where muffs had been torn from hooks and mink capes and other articles were dropped on the floor as they passed out. Cass and Crow Wing county authorities are striving to find the bandits.

A Chicago lady is reported to have lost a beautiful seal coat left there to be cleaned. No insurance was carried on the stock and no watchman had been employed.

Of the Brainerd girls who suffered losses are Miss Ruby Eckholm who lost an Australian opossum coat valued at \$350, and Miss Jennie Hultin who lost a muskrat coat trimmed in seal. Her muffs were found. Miss Aletta Saltee's fur coat was found. The thieves, as a rule, did not disturb any coats which had not been repaired.

Mr. Kriebs is carefully going over his entire stock so as to make an exact list of the losses sustained.

### Partial List of Losses

Here is a partial list of losses as given out by Mr. Kriebs:

- 1 natural muskrat coat lined with skinner's satin and with figured lining, no collar and cuffs.
- 1 natural Russian pony coat, beaver collar, no cuffs.
- Owner's cloth coat gray and man's black cloth coat with Australian opossum collar, rever collar.
- 1 wild cat coat, muffs pockets, slit sleeves, skinner's light brown satin with embroidered border lining, skunk collar.
- 1 wild cat coat, not finished, belted model, no collars and cuffs.
- 3 Hudson seal coats, skunk trimmed.
- 1 Hudson seal coat.
- 1 gent's horse hide vest quilted lining.
- 1 gent's beef hide vest.
- 1 black pony coat.
- 1 Alaska seal skin.
- 1 Fisher choker.
- 1 Hudson bay sable choker.
- 1 cross fox choker.
- 1 red fox choker.
- 1 leather coat, sleeves ripped on elbow seam.
- 1 moose hide tanned hair on.
- 1 deer hide tanned hair on.
- 1 wombat coat Australian kangaroo trimmed.
- 1 black pony coat.
- 1 horsehide coat gent's.
- 1 Hudson seal coat self trimmed, pussy willow lining, dark brown with green, yellow and red design.

## CROSBY FLIVER RECOVERED AGAIN

Telephone to Dispatch:

Crosby, Minn., Aug. 18—The Crosby five passenger Ford touring car, license No. A-116258, reported stolen, was recovered quickly two blocks below where it had been standing. Some one had run it from its original mooring place and parked it where found.

### ATTENTION ELKS

The House and Social Committee of the Brainerd Elks, at their meeting held Monday evening, decided to have no special train for the St. Cloud state convention. Out of 500 cards sent to members to get their wishes regarding train or automobile trip to the state convention, but 69 replies were received. Of these, 23 favored a special train, 17 automobile, 24 could not go and 5 expressed other views.

With such a small response to cards, the House and Social Committee also concluded to engage no band for the occasion.

Any Elk wishing to go by regular train on a fare and half plan should see A. P. Drogseth at the First National bank and get an identification slip.

## CHAMBER COMMERCE REGULAR MEETING

Legislative Committee Reports on Muscle Shoals Proposition Submitted by Chamber

## OPEN FORUM IS DISCUSSED County Engineer Murphy Gave Report of Road Work Between Crosby and Deerwood

The regular meeting of the Chamber of Commerce held Wednesday evening was one of the most interesting meetings of the season.

A resolution favoring the Henry Ford proposition of taking over nitrate plant at Muscle Shoals, Louisiana, was adopted.

Two applications for membership were received and acted upon.

County Engineer Murphy gave an account of the work of the new road machine which is being used between Crosby and Deerwood very successfully after being condemned by engineers as impractical. Mr. Murphy urged members of the Chamber of Commerce and all others who are interested in good roads to go and inspect this new machine.

A resolution was adopted favoring the publicity campaign inaugurated by the Property Owners Federation of Red Wing who have investigated the fuel business and are endeavoring through this publicity campaign, to reduce the price of coal to the consumer. A committee of five was appointed to cooperate with the federation on the fuel matter and any other measures pertaining to public and government welfare.

A committee of three was appointed to investigate the feasibility of having watering troughs and hitching places for farmer's horses. The matter of starting an open forum was brought to the attention of the Chamber but action was deferred until the next regular meeting which will be held next Wednesday.

A "Get-Acquainted Tour" was proposed but no definite action was taken at this time.

The Parks and Playgrounds Committee was instructed to look after wood for the Tourist's camp.

It was suggested that the secretary get data relating to public ownership of gas plants with a view of taking over the gas plant in Brainerd.

Thomas Brusegaard, mayor of Hill City, Minn., was a visitor and gave a short talk.

## MORE MEN ADDED AT THE RY. SHOPS

As an evidence of the large amount of work handled by the railway shops and the way it continues to increase is the fact that more men are being added to the force. On Wednesday 16 men were added to the car shop forces.

### NOTICE

Special meeting of Trades & Labor Assembly Friday evening, August 19, at 8 o'clock. Building craft committee is requested to be present.

## ROTARY CLUB PICNIC FRIDAY

Committee Mapping Out a Grand Program of Sports on Land and Water, Relay Races Too

## EVERY ONE GETTING ENTHUSED Elimination Races Will be Held for Each Event, Prizes for First and Second Boys

The Rotary club's first picnic for the boys of Brainerd, ages 12 to 16, is daily assuming larger proportions and the Brainerd Rotarians, twenty of them, are getting as enthused about the affair as though they were kids again.

All boys eligible will gather at the Y. M. C. A. and New Park theatre grounds at 1:30 p. m. Friday to be taken in care to the picnic grounds at Lum park. Northeast Brainerd boys who prefer may assemble at the corner of the Lowell school grounds and Third avenue at 1:30 p. m. and will be picked up there.

The club has a large number of boys all properly tagged. However, to provide for eleventh hour arrivals provision has been made for twenty five more, who may not have registered according to Rotary direction published in the Dispatch.

### Program of Sports

The program of sports includes a 100 yard dash, 50 yard dash, potato race, relay race by selected teams from each school, 50 yard swimming race, long distance dive, etc.

There will have to be elimination races for each event with first and second prizes for winners of each event.

### The Eats

The eats have not been neglected. There will be ice cream galore, pop corn, crackerjack, peanuts, etc.

## NEW HOSPITAL CONTRACT LET

Charles Skooglund of St. Paul Is To Build New Unit of Northwestern Hospital in Brainerd

### STRUCTURE READY THIS FALL

Citizens' Sharing Program Mapped Out Under Personal Direction of R. D. Jenkins

The contract for the general construction of the new unit of the Northwestern hospital, corner 8th and Kinkwood Sts., was let to Charles Skooglund, contractor, of St. Paul at a meeting of the board of directors of the Northwestern Medical and Surgical Association, Inc. held Wednesday afternoon. Mr. Skooglund is one of the prominent contractors in the state. The construction of the county court house at St. Cloud is now under his supervision and equipment from St. Cloud will be transferred to Brainerd and work upon the new Northwestern hospital unit inaugurated immediately. The structure will be ready for occupancy this fall. The insured completion of the first unit of a building which will give to Brainerd and this vicinity hospital facilities unsurpassed in the state brings profound satisfaction to the citizens of this community.

Co-incident with the formal placing of the construction contract announcement was made of a Citizens' Sharing Program the plan of which is to give to the people of this region an opportunity to actively identify themselves with the upbuilding of the Northwestern hospital. As a feature of this Citizens' Sharing Program a block of preferred stock in the Northwestern Medical and Surgical Association, Inc., will be offered to the public. So far as is known no American hospital has given to the supporting public within the community to become investors and participants in the hospital association itself. Thus one may at once make a safe and certain remunerative investment and, also, render a real service to the community by adding to the support of an institution of notable value to Brainerd. Not only will the residents of Brainerd and vicinity have the most modern hospital facilities at their own disposal but, with no other hospital comparable in equipment between the Twin Cities and Duluth, patients from a wide area will come to Brainerd for hospital service and contribute to the various business currents of Brainerd life.

The preferred stock in the hospital association bears a guaranteed dividend of 6%. Each share has a par value of \$25 and is redeemable at \$26 with the addition of any accumulated and accrued dividends.

The stock will be offered for sale by a group of business and professional men who are thoroughly alive to the significant advantage which will attach to Brainerd by the erection and maintenance here of a hospital of first rank. Applications for shares have already been received in considerable number; but the Citizens' Sharing Program calls for a policy of placing the shares in the hands of a large number of holders not only in Brainerd but within the adjacent districts. Following the completion of the sale in Brainerd the Citizens Committee will conduct an automobile tour to the surrounding towns for the purpose of extending to the citizens of the Brainerd territory the same opportunity for participating in the hospital development now open to the residents of Brainerd.

The Citizens' Sharing Program of the Northwestern Medical and Surgical Association, Inc. is under the personal direction of R. D. Jenkins, of the firm of Bronson Batchelor, Inc. Counsellors in Publicity and Public Relations, New York City. The services of Mr. Jenkins in the supervision of this project were obtained by the influence of personal friends resident in Brainerd.

In addition to the directors of the hospital association the following attended the meeting of the Board of Directors Wednesday: J. O. Cederberg, Jr., St. Paul, architect; Charles Skooglund, St. Paul; contractor, R. D. Jenkins.

## TONY CRULL SENTENCED BY JUDGE

Tony Crull, of Chyuna, charged carnal knowledge of a girl of 13, was before Judge W. S. McClenahan of the district court, and pleading guilty was sentenced to an indeterminate term in the reformatory at St. Cloud. By so doing Crull saved the county considerable trial expense. The taking of Crull and securing a confession was an achievement on the part of Sheriff Claus A. Theorin.

## DETAILS OF FUR ROBBERY GIVEN

A. N. Kriebs of Hackensack is Carefully Going Over Stock and Checking Up Losses

### TRUCK WAS USED BY BANDITS

Tracks Found at Rear of Store—Brainerd Girls are Heavy Losers in the Robbery

Hackensack, Minn., Aug. 18—Boring holes into the front door and working the lock to gain entrance, a band of fur robbers got away with furs and fur goods valued at \$8,000, that being the estimate placed on the loss by the proprietor, A. N. Kriebs, well known furrier and taxidermist. A truck was used to carry away the goods, for in the rear of the store was found tire tracks, a diamond tread Goodyear being a mark of a right rear wheel. That the band worked rapidly was noticed where muffs had been torn from hooks and mink capes and other articles were dropped on the floor as they passed out. Cass and Crow Wing county authorities are striving to find the bandits.

A Chicago lady is reported to have lost a beautiful seal coat left there to be cleaned. No insurance was carried on the stock and no watchman had been employed.

Of the Brainerd girls who suffered losses are Miss Ruby Eckholm who lost an Australian possum coat valued at \$350, and Miss Jennie Hultin who lost a muskrat coat trimmed in seal. Her muff was found. Miss Aletta Saltee's fur coat was found. The thieves, as a rule, did not disturb any coats which had not been repaired.

Mr. Kriebs is carefully going over his entire stock so as to make an exact list of the losses sustained.

### Partial List of Losses

Here is a partial list of losses as given out by Mr. Kriebs:

- 1 natural muskrat coat lined with skinner's satin and with figured lining, no collar and cuffs.
- 1 natural Russian pony coat, beaver collar, no cuffs.
- Owner's cloth coat gray and man's black cloth coat with Australian possum collar, revers collar.
- 1 wild cat coat, mink pockets, all sleeves, skinner's light brown satin with embroidered border lining, skunk collar.
- 1 wild cat coat, not finished, belted model, no collars and cuffs.
- 3 Hudson seal coats, skunk trimmed.
- 1 Hudson seal coat.
- 1 gent's horse hide vest quilted lining.
- 1 gent's beef hide vest.
- 1 black pony coat.
- 1 Alaska seal skin.
- 1 Fisher choker.
- 1 Hudson bay sable choker.
- 1 cross fox choker.
- 1 red fox choker.
- 1 leather coat, sleeves ripped on elbow seam.
- 1 moose hide tanned hair on.
- 1 deer hide tanned hair on.
- 1 wombat coat Australian kangaroo trimmed.
- 1 black pony coat.
- 1 horsehide coat gent's.
- 1 Hudson seal coat self trimmed, pussy willow lining, dark brown with green, yellow and red design.

## CROSBY FLIVER RECOVERED AGAIN

Telephone to Dispatch: Crosby, Minn., Aug. 18—The Crosby five passenger Ford touring car, license No. A-116258, reported stolen, was recovered quickly two blocks below where it had been standing. Some one had run it from its original mooring place and parked it where found.

# BARGAINS

Is What They All Said About the Closing Out Shoe Sale at

## E. H. JONES

614 Front Street,  
Brainerd, Minn.

2nd Week of Sale Opens  
**SATURDAY, AUGUST 20**

### NORTHWEST NEWS

**Four Day Convocation**  
Rosebud Indian Reservation, S. D., August 18.—Christian Sioux from all parts of the country were to meet here today in a great four-day convocation. Meetings were to be held at Oak Creek. South Dakota Sioux here number hundreds, and the attendance was expected to run into the thousands.

**Erect Building on Thermos Principle**  
Winnipeg, Man., August 18.—Contractors here are interested in a new type of building being erected at St. Boniface, designed to withstand extremes of temperatures in this climate.

The new building employs the principle of the thermos bottle, having double walls with an air cushion between. This type of construction, it is said, is not much more costly than ordinary types of building and saves fuel in winter, at the same time being cooler in summer.

**Raised Check**  
Jamestown, N. D., August 18.—Combining ability as a check artist with a convincing line of talk, a young man of about 25 succeeded here in buying a \$40 watch and receiving change to the total of \$80.36 on a cashier's check of an Argyle, Minn., bank, originally written for \$8.36. Local bankers examined the check and failed to notice the insertion.

**Organize N. P. League in Oregon**  
Fargo, N. D., August 18.—Claude J. Townley, brother of A. C. Townley, national president of the Nonpartisan League, will be active in efforts to organize the league in Oregon. Local Nonpartisan leaders declare that requests for organization were sent in here, and that Oregon farmers have raised a fund to start the work.

**Historical Pageant at St. Peter**  
St. Peter, Minn., August 18.—Some of Minnesota's most interesting early history was being re-enacted here today for thousands of visitors.

A pageant depicting the early history of this section was presented today and will be repeated tomorrow.

More than 600 persons were to participate in the pageant. History from the arrival of the first white man down to modern times was to be unfolded in the large natural amphitheatre here.

On the outskirts of St. Peter the historic treaty by which the Sioux Nation ceded all its lands west of the Mississippi river to the federal government was consummated.

Eleven years later Chief Little Crow led a Sioux band on the warpath, and a company of volunteers organized here was rushed to New Ulm to protect that settlement. General H. H. Sibley used St. Peter as his headquarters when he organized the expedition that crushed the power of the Sioux forever.

One of the interesting historic features will be the reproduction of the battle with the Sioux at Fort Ridgely in 1862. Three separate attacks were made on this outpost by the Sioux under Chief Little Crow. All were repulsed.

St. Peter was once considered the likely location of the Minnesota state capital.

### Burns Appointed To Federal Service

(By United Press)  
Washington, Aug. 18.—Appointment of Wm. J. Burns, famous detective, to head the bureau of investigation of the department of justice, was announced today by Attorney General Daugherty. They have been friends for thirty years.

### Governor and Banker Demand United Trial

(By United Press)  
Springfield, Ill., Aug. 18.—Governor Len Small, and Banker Verne Curtis, of Grant Park, will demand a joint trial on charges of embezzling and misuse of state funds.

The two will present a joint petition on Sept. 6 for change of venue from Sangamon county and will follow, they said, with the request that they be tried together. The governor and banker have joined hands in their legal battle at a conference held last night and today.

### Pay Cut Ordered for Paper Mill Workers

New York, Aug. 18.—Wage reductions of 10 per cent for skilled workers and 25 per cent for common laborers was decided upon today by the board of arbitration which has been considering the wage controversy between paper mill employees and manufacturers in the United States and Canada. The new wage scale, which will affect 12,000 workers, becomes effective Aug. 27.

**The True Question.**  
Everywhere in life the true question is, not what we gain but what we do.—Carlyle.

ly to have a tooth pulled, had gone 225 consecutive games.

According to statistics recently issued, Purcell, Jackson center fielder, leads the Central league in hitting, with a percentage of .381.

The Indians are convinced Allan Sotherton, discarded by both the Browns and Red Sox, is going to prove of a lot of value to them.

Hy Fowlkes, sent by Memphis to Augusta, celebrated his return to Sally league company by pitching a one-hit game against Columbia.

Gavvy Crayth, Hoaus Wagner and Babe Ruth are the only three major league players ever to make more than 100 homers during their careers.

Jim Gould of the St. Louis Times-Star says that Hornsby is a much improved player over last year and that as a team man is a big asset of the Cards.

The Mint league, starting a new race, will prolong its play until September 18, it is stated. The original schedule called for the season to end on Labor day.

Prough, Kalamazoo catcher, is battling like a fiend. In a recent game with Lansing he got five hits out of five times at bat, two of them being three-baggers.

Jewel Ems, who is playing third base and acting as field captain of the Syracuse team, is giving Jack Bentley a race for the home run honors of the International league.

### Railroad Refund Bill

Washington, Aug. 18.—The administration's railroad refund bill was reported by the house interstate commerce committee today with several members opposing it.

Plans of the house leaders are to pass the bill before the congressional recess.

Brainerd, Minn.

2nd Week of Sale Opens  
**SATURDAY, AUGUST 20**

### NORTHWEST NEWS

#### Four Day Convocation

Rosebud Indian Reservation, S. D., August 18.—Christian Sioux from all parts of the country were to meet here today in a great four-day convocation. Meetings were to be held at Oak Creek. South Dakota Sioux here number hundreds, and the attendance was expected to run into the thousands.

#### Erect Building on Thermos Principle

Winnipeg, Man., August 18.—Contractors here are interested in a new type of building being erected at St. Boniface, designed to withstand extremes of temperatures in this climate.

The new building employs the principle of the thermos bottle, having double walls with an air cushion between. This type of construction, it is said, is not much more costly than ordinary types of building and saves fuel in winter, at the same time being cooler in summer.

#### Raised Check

Jamestown, N. D., August 18.—Combining ability as a check artist with a convincing line of talk, a young man of about 25 succeeded here in buying a \$40 watch and receiving change to the total of \$80.26 on a cashier's check of an Argyle, Minn., bank, originally written for \$8.36. Local bankers examined the check and failed to notice the insertion.

#### Organize N. P. League in Oregon

Fargo, N. D., August 18.—Claude J. Townley, brother of A. C. Townley, national president of the Nonpartisan League, will be active in efforts to organize the league in Oregon. Local Nonpartisan leaders declare that requests for organization were sent in here, and that Oregon farmers have raised a fund to start the work.

#### Historical Pageant at St. Peter

St. Peter, Minn., August 18.—Some of Minnesota's most interesting early history was being re-enacted here today for thousands of visitors.

A pageant depicting the early history of this section was presented today and will be repeated tomorrow.

More than 600 persons were to participate in the pageant. History from the arrival of the first white man down to modern times was to be unfolded in the large natural amphitheatre here.

On the outskirts of St. Peter the historic treaty by which the Sioux Nation ceded all its lands west of the Mississippi river to the federal government was consummated.

Eleven years later Chief Little Crow led a Sioux band on the war-path, and a company of volunteers organized here was rushed to New Ulm to protect that settlement. General H. H. Sibley used St. Peter as his headquarters when he organized the expedition that crushed the power of the Sioux forever.

One of the interesting historic features will be the reproduction of the battle with the Sioux at Fort Ridgely in 1862. Three separate attacks were made on this outpost by the Sioux under Chief Little Crow. All were repulsed.

St. Peter was once considered the likely location of the Minnesota state capital.

#### Burns Appointed

#### To Federal Service

(By United Press)

Washington, Aug. 18.—Appointment of Wm. J. Burns, famous detective, to head the bureau of investigation of the department of justice, was announced today by Attorney General Daugherty. They have been friends for thirty years.

### Governor and Banker Demand United Trial

(By United Press)

Springfield, Ill., Aug. 18.—Governor Len Small, and Banker Verne Curtis, of Grant Park, will demand a joint trial on charges of embezzling and misuse of state funds.

The two will present a joint petition on Sept. 6 for change of venue from Sangamon county and will follow, they said, with the request that they be tried together. The governor and banker have joined hands in their legal battle at a conference held last night and today.

### Pay Cut Ordered for Paper Mill Workers

New York, Aug. 18.—Wage reductions of 10 per cent for skilled workers and 25 per cent for common laborers was decided upon today by the board of arbitration which has been considering the wage controversy between paper mill employees and manufacturers in the United States and Canada. The new wage scale, which will affect 12,000 workers, becomes effective Aug. 27.

#### The True Question.

Everywhere in life the true question is, not what we gain but what we do.—Carlyle.

ly to have a tooth pulled, had gone 226 consecutive games.

According to statistics recently issued, Purcell, Jackson center fielder, leads the Central league in hitting, with a percentage of .381.

The Indians are convinced Allan Sotherton, discarded by both the Browns and Red Sox, is going to prove of a lot of value to them.

Hy Fowlkes, sent by Memphis to Augusta, celebrated his return to Sully league company by pitching a one-hit game against Columbia.

Gavvy Cravath, Honus Wagner and Babe Ruth are the only three major league players ever to make more than 100 homers during their careers.

Jim Gould of the St. Louis Times-Star says that Hornsby is a much improved player over last year and that as a team man is a big asset of the Cards.

The Mint league, starting a new race, will prolong its play until September 18, it is stated. The original schedule called for the season to end on Labor day.

Prough, Kalamazoo catcher, is batting like a fiend. In a recent game with Lansing he got five hits out of five times at bat, two of them being three-baggers.

Jewel Ens, who is playing third base and acting as field captain of the Syracuse team, is giving Jack Bentley a race for the home run honors of the International league.

### Railroad Refund Bill

Washington, Aug. 18.—The administration's railroad refund bill was reported by the house interstate commerce committee today with several members opposing it.

Plans of the house leaders are to pass the bill before the congressional recess.

## What Is Your Daily Newspaper

A reporter of important events at home and abroad. It is that and more.

It is a directory of buying and selling.

It is the medium that brings together the man who has merchandise or a service, or anything else to sell—and the man who needs and wants these things.

By reading the advertisements in your newspaper you may find what you want with the least expense and in the least time.

And they may point out the fact that you needed many things the lack of which you never realized until you got them.

These benefits might never have been yours without the newspaper advertisement which first brought your need to your attention.

Read the advertisements in the newspapers regularly and thoroughly.
